Fiscal Analysis

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Oversight assumes this proposal provides that a juvenile's attorney must have the right to be heard on a request that restraints not be used in juvenile court. Oversight assumes this is a change in policy and procedures in statute and will have no direct fiscal impact.

No direct fiscal impact to small businesses would be expected as a result of this proposal. Also, this legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
