

COMMITTEE ON LEGISLATIVE RESEARCH
OVERSIGHT DIVISION

FISCAL NOTE

L.R. No.: 0356-01
Bill No.: Perfected SB 204
Subject: Crimes and Punishment
Type: Original
Date: April 11, 2017

Bill Summary: This proposal requires every individual who is 17 years or older and is arrested for a felony offense to provide a biological sample for DNA profiling.

FISCAL SUMMARY

ESTIMATED NET EFFECT ON GENERAL REVENUE FUND			
FUND AFFECTED	FY 2018	FY 2019	FY 2020
Total Estimated Net Effect on General Revenue	\$0	\$0	\$0

ESTIMATED NET EFFECT ON OTHER STATE FUNDS			
FUND AFFECTED	FY 2018	FY 2019	FY 2020
DNA Profiling Fund	(\$560,573)	(\$574,223)	(\$575,004)
Total Estimated Net Effect on <u>Other</u> State Funds	(\$560,573)	(\$574,223)	(\$575,004)

Numbers within parentheses: () indicate costs or losses.
 This fiscal note contains 5 pages.

ESTIMATED NET EFFECT ON FEDERAL FUNDS			
FUND AFFECTED	FY 2018	FY 2019	FY 2020
Total Estimated Net Effect on <u>All</u> Federal Funds	\$0	\$0	\$0

ESTIMATED NET EFFECT ON FULL TIME EQUIVALENT (FTE)			
FUND AFFECTED	FY 2018	FY 2019	FY 2020
DNA Profiling Fund	1 FTE	1 FTE	1 FTE
Total Estimated Net Effect on FTE	1 FTE	1 FTE	1 FTE

Estimated Net Effect (expenditures or reduced revenues) expected to exceed \$100,000 in any of the three fiscal years after implementation of the act.

ESTIMATED NET EFFECT ON LOCAL FUNDS			
FUND AFFECTED	FY 2018	FY 2019	FY 2020
Local Government	\$0	\$0	\$0

FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety - Missouri Highway Patrol (MHP)** state the proposed legislation would require every individual who is 17 years or older and is arrested for a felony offense to provide a biological sample for DNA profiling.

The Crime Laboratory Division estimates that this proposal could potentially result in the collection of an additional 33,089 DNA samples, which is more than double the number of samples currently being processed annually. These calculations are based on the 2015 Missouri State Highway Patrol Criminal Justice Information Services (CJIS) arrest statistics and the Crime Laboratory Division (CLD) 2015 arrestee offender sample intake. Current statutorily eligible arrestee samples received in 2015 were subtracted from the number of projected arrests from this proposal. This subtraction is believed to prevent duplication in sample count.

In 2009, the General Assembly passed HB 152 which expanded the DNA collection program to include persons arrested only for a felony under chapters 565, 566, and 569 RSMo. Currently, the Patrol is receiving approximately 50 percent of the predicted samples. To properly implement this proposal under the assumption that 50 percent or 16,545 (33,089/2) of the samples will be submitted each year, the Patrol laboratory would need one additional FTE and additional funding for collection kits, reagents, and consumables. FTE needs and cost calculations are based on the unit's present processing capacity and operational costs.

1 Criminalist I (\$1,716 x 24)	\$41,184
--------------------------------	----------

This FTE would assist in the receipt, acceptance, tracking and storage of all samples; data entry, maintain equipment and supplies; expungement process; sample preparation for analysis; provide training; and advise and support law enforcement agencies.

The cost estimate for offender DNA collection kits, consumables, and reagent for sample processing and analysis is \$496,185 (\$29.99 x 16,545).

The MHP assumes the costs from this proposal would be from the state's DNA Profiling Fund.

In the original fiscal note for SB 204 (0356-01) the MHP assumed the cost should be reflected in the General Revenue Fund; however, MHP revised their estimate to the DNA Profiling Fund.

According to a report from the **Office of the State Treasurer**, the balance of the DNA Profiling Fund (0772) on March 31, 2017 was \$2,993,345.

ASSUMPTION (continued)

Officials from the **Department of Corrections**, the **Office of Prosecution Services**, the **Department of Mental Health**, and the **Boone County Sheriff's Department** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Cole County Sheriff's Department** assume minimal fiscal impact from the proposal.

Officials from the **Attorney General's Office** assume that any potential costs arising from this proposal could be absorbed with existing resources.

<u>FISCAL IMPACT - State Government</u>	FY 2018 (10 Mo.)	FY 2019	FY 2020

<u>FISCAL IMPACT - Local Government</u>	FY 2018 (10 Mo.)	FY 2019	FY 2020
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

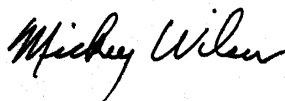

Under current law, every individual who is 17 years old or older and is arrested for burglary, sex-related felonies, and certain felonies committed against a person must provide a biological sample for DNA profiling analysis.

This act requires every individual who is 17 years old or older who is arrested for any felony offense to provide a biological sample for DNA profiling.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
