FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Elementary and Secondary Education** assume there is no fiscal impact from this proposal.

Officials at the **Parkway School District** assume unknown legal expenses and unknown potential for socio-emotional support for students.

Officials at the **Warren County R-III School District** assume the impact can not be determined at this time.

Officials at the **Special School District of St. Louis County** assume they have enough restrooms that this proposal would not have a fiscal impact.

Officials at the **Bakersfield R-IV, Bowling Green, Eldon, Everton R-III, Grain Valley R-V, Kansas City, Malta Bend, Pettis County R-XII, Seymour, West Plains** and the **Wright City R-II** school districts each assume there is no fiscal impact from this proposal to their respective districts.

Officials at the **Kirksville R-III** and **Middle Grove** school districts responded to Oversight's request but did not indicate a fiscal impact.

Oversight notes this proposal requires every public school restroom, locker room, and shower room designated for student use and which is accessible by multiple students at the same time shall be designated for and used only by students of the same biological sex. A student who asserts to school officials that his or her gender is different from his or her biological sex may be provided with alternative restroom, locker room, or shower room accommodations. Oversight assumes this proposal would not have a fiscal impact as the school can choose to make alternate arrangements but is not required to provide an alternative.
