## **FISCAL ANALYSIS**

### **ASSUMPTION**

Officials at the **Department of Public Safety - Gaming Commission** assume this proposal would not have a fiscal impact on their organization.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** assumes that the proposal would not go into effect unless a constitutional amendment passes. Therefore, this proposal would not have any direct fiscal impact.

### **FISCAL IMPACT - Small Business**

No direct fiscal impact to small businesses would be expected as a result of this proposal.

### FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

The provisions of this act are contingent upon the passage of a constitutional amendment that provides for the same change to the required membership period proposed in this act.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
