## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions and Professional Registration (DIFP)** state the proposal would have an unknown fiscal impact to the Missouri Board of Pharmacy contingent on potential future appropriations made by the General Assembly to fund the Rx Cares for Missouri Program.

**Oversight** notes the balance of the Board of Pharmacy Fund (0637) on January 31, 2017 was \$6,914,782. Oversight assumes the Board of Pharmacy has the funds available to make the appropriation for the Rx Cares for Missouri Program without raising licensing fees. However, Oversight also assumes if the operation of this program reduces the cash balance of the Board of Pharmacy Fund below the operating cash needs of the Board, the Board would have the ability to raise licensing fees. This program expires on August 28, 2019 (FY 2020).

Officials from the **Department of Health and Senior Services** assume the proposal would not fiscally impact their agency.

### FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

### FISCAL DESCRIPTION

This act creates the Rx Cares for Missouri Program to be administered by the Board of Pharmacy in consultation with the Department of Health and Senior Services. The goals of the program are to promote medication safety and prevent prescription drug abuse. The Board may expend funds appropriated to the Board to private and public entities for the development of programs and education in order to meet these goals.

The Board of Pharmacy may enter into interagency agreements with the Department of Health and Senior Services so that the Department may assist in the operation of the program. The program shall expire on August 28, 2019.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
