FISCAL ANALYSIS

ASSUMPTION

Officials at the **City of Kansas City (KC)** assume a savings could be experienced by this legislation because the early and effective enforcement of the nuisance ordinances authorized by this proposal can reduce the long-term costs of other less-efficient means of enforcement.

Oversight assumes this proposal modifies provisions for the abatement of vacant nuisance properties in Kansas City. Oversight assumes actions by a governing body by ordinance could result in an unknown savings to KC. Therefore, Oversight will reflect a \$0 or unknown savings for KC.

No direct fiscal impact to small businesses would be expected as a result of this proposal. However, there could be an indirect impact to small businesses as a result of this proposal.

FISCAL DESCRIPTION

Under current law, the Kansas City Council may enact an ordinance to allow the city building official to petition the county circuit court for the appointment of a receiver to rehabilitate a vacant nuisance building or structure, demolish it, or sell it to a qualified buyer. This act modifies the provision to provide that the city can petition the circuit court. In addition, rather than allowing a sale to a qualified buyer, this act provides that the property may be sold to a buyer who can demonstrate an ability to abate the nuisance and vacancy. Under this act, the court must maintain jurisdiction over the matter and the property until the city dismisses the case or the nuisance and vacancy is abated.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
