FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Labor and Industrial Relations (DOLIR) - Division of Workers' Compensation (DWC)** believe that any additional responsibilities, including an increase in investigation efforts to substantiate claims, could be absorbed by existing staff. However, the effect of any judicial pronouncements could affect long-range estimates. If significant impact that could not be absorbed were realized in out-years, the division would request additional resources through the appropriation process.

Officials at the **Department of Conservation (MDC)** assume this proposal would have a negative fiscal impact on their organization estimated at less than \$100,000 annually.

Oversight will not show a fiscal impact to MDC based on information obtained from the Department of Labor and Industrial Relations - Division of Workers' Compensation FY2017 budget submitted to the Governor. The following table provides the number of claims and total dollar amount paid in claims from the Line of Duty Compensation Fund (0939). As the table indicates in FY2013 there were 13 claims for a total of \$325,000 paid out and decreases to 2 claims and \$50,000 paid out in FY2015. Therefore, Oversight will not show a fiscal impact to MDC from this proposal.

<i>Information in this table obtained from the FY2017 and FY 2018 Budgets (pages 164 & 165) which were submitted to the Governor by Department of Labor and Industrial Relations.</i>					

Officials at the **Department of Transportation** assume this proposal would not have a fiscal impact on their organization.

Officials at the **Department of Public Safety - Highway Patrol** defer to Department of Transportation's Enterprise Risk Management Program for a fiscal impact.

ASSUMPTION (continued)

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Officials at the **Office of Administration - Personnel**, the **Office of Administration - Accounting**, the **Office of Administration - General Services**, the **Joint Committee on Administrative Rules**, the **Department of Corrections**, and the **Department of Natural Resources** each assume this proposal will not have a fiscal impact on their respective organizations.

Officials at the **Springfield Police Department** assume this proposal would not have a fiscal impact on their organization.

In response to a similar proposal from this session (HB 426), officials at the **St. Louis County Police Department**, and the **St. Louis County Justice Services** each assumed the proposal would not have a fiscal impact on their respective organizations.

Officials at the **DeSoto Rural Fire Protection District** assume this proposal would not have a fiscal impact on their organization.

Officials from the Boone County Sheriff Department, Buchanan County Sheriff's Department, Cass County Sheriff Department, Clark County Sheriff's Department, Cole County Sheriff Department, Columbia Police Department, Independence Police Department, Jackson County Sheriff Department, Jefferson City Police Department, Platte County Sheriff's Department, St. Charles Police Department, St. Joseph Police Department, and the St. Louis Metropolitan Police Department did not respond to **Oversight's** request for fiscal impact.

Officials at the Battlefield Fire Protection District, Central County Fire and Rescue, Centralia Fire Department, Creve Coeur Fire District, Hawk Point Fire Protection District, Hillsboro Fire Protection District, Lake St. Louis Fire District, Mehlville Fire District, Nixa Fire Protection District, Saline Valley Fire Protection District and the Southern Iron County Fire Protection District did not respond to **Oversight's** request for fiscal impact.
