## **FISCAL ANALYSIS**

### **ASSUMPTION**

**Oversight** was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Officials from the **Department of Revenue** assumed similar language in SB 247 LR 0899-02 (2017) would have no fiscal impact to their organization.

Officials from the **Office of Administration - Division of Budget and Planning (BAP)** assumed similar language in SB 247 LR 0899-02 (2017) would "abrogate" the Missouri Supreme Court decision for *IBM Corporation v. Director of Revenue* which could lead to an expansion of the current manufacturing sales tax exemption because the IBM case also included a ruling that certain companies did not qualify for a manufacturing exemption. BAP officials assumed that abrogating the entire ruling could make it possible that those businesses would now qualify for these exemptions. Therefore, Total State Revenue (TSR), General Revenue and other state and local funds could be negatively impacted.

BAP officials stated that depending on the subsequent court interpretation of the abrogation of the IBM decision, there could be a potential expansion of the manufacturing sales and use tax exemption.

**Oversight** would attribute any additional sales and use tax exemption to that subsequent court action rather than to the abrogation of the IBM decision.

Officials from the **Missouri Department of Conservation (MDC)** assume this proposal would abrogate the findings in *IBM Corporation v. Director of Revenue* 491 S.W. 3d. 535 (Mo. Banc 2016).

MDC officials assume the proposal would have an unknown negative fiscal impact on their organization since the Conservation Sales Tax funds are derived from one-eighth of one percent sales and use tax pursuant to Article IV Section 43(a) of the Missouri Constitution. The Department assumes the Department of Revenue would be better able to estimate the anticipated fiscal impact that would result from this proposal.

ASSUMPTION (continued)

Officials from the **City of Kansas City** assume this proposal would have a negative but indeterminate impact on their organization.

Officials from the **Kirkville School District** assume this proposal would have a negative impact on their organization but did not provide an estimate of the amount.

Officials from the **Office of the Secretary of State**, the **Joint Committee on Administrative Rules**, the **Department of Natural Resources**, the **Jackson County Election Board**, and the **Platte County Board of Elections** assume this proposal would have no fiscal impact on their organizations.

Officials from the **West Plains School District** assume there could be an unknown fiscal impact to their organization from this proposal.
