FISCAL ANALYSIS

ASSUMPTION

For the purpose of this proposed legislation, officials at the **Office of State Public Defender (SPD)** cannot assume that existing staff will provide effective representation for any indigent clients faced with the enhanced penalties for specific methods of disturbing the peace - new Class A misdemeanors.

While the number of new cases may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide effective representation.

Oversight assumes the SPD can absorb the additional caseload that may result from this proposal.

Officials at the **Office of the State Courts Administrator** assume there may be some impact but there is no way to quantify that currently. Any significant changes will be reflected in future budget requests.

Officials at the **Office of the Attorney General (AGO)** assume that any potential costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if there is a significant increase in litigation.

Officials at the **Department of Public Safety's Missouri Highway Patrol**, the **Missouri Department of Transportation**, the **Department of Corrections** and the **Office of Prosecution Services** each assume no fiscal impact to their respective agencies from this proposal.

Officials at the **St. Louis County Police Department**, the **Springfield Police Department**, the **Joplin Police Department** and the **St. Louis County Department of Justice Services** each assume no fiscal impact to their respective entities from this proposal.

In response to a previous version, officials at the **Boone County Sheriff's Department** and the **Branson Police Department** each assumed no fiscal impact to their respective entities from this proposal.
