FISCAL ANALYSIS

ASSUMPTION

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

In response to the previous version, officials at the **Office of the Attorney General (AGO)** assumed that any potential costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if there is a significant increase in litigation.

In response to the previous version, officials at the **Office of the State Courts Administrator** assumed there may be some impact but there is no way to quantify that currently. Any significant changes will be reflected in future budget requests.

In response to the previous version, officials at the **Department of Insurance, Financial Institutions and Professional Registration, the Department of Public Safety's Missouri Highway Patrol, the Department of Corrections, the Department of Labor and Industrial Relations and the Department of Economic Development** each assumed no fiscal impact to their respective agencies from this proposal.

There could be a direct fiscal impact to the insurance carried on small businesses as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.
