FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Elementary and Secondary Education (DESE)** assume the proposal will have no fiscal impact on their organization.

Officials from the **Summersville R2 School District** assume there is no way of determining the impact. Braille instruction would be expensive for districts, even with small numbers of students receiving this instruction.

Officials from the **West Plains School District** assume the cost related to employing a Braille specialist is \$20,000 to \$70,000 annually.

Officials from the **Kirksville R-III School District** assume the proposal would have a negative fiscal impact on the district.

Officials from the **Bakersfield R-IV School District** assume the estimated cost for the district would be approximately \$150,000 per year.

Oversight notes, in previous years, DESE estimated the salary for a Braille instructor at \$60,000 plus \$34,200 [57% (school district benefit percentage)] for a total of \$94,200.

Oversight notes there are 518 school districts in the state that may be impacted by this proposal. DESE was unable to provide Oversight with the number of Braille instructors currently working in the school districts. However, they were able to say that in the 2016-2017 school year 42 school districts provided a course for visual instruction. If half of the 518 school districts needed a Braille instructor, the cost to the school districts is estimated at \$25,900,000 (259 * \$100,000). Oversight cannot estimate the number school district that would need a Braille instructor as a result of this proposal. Oversight will show the impact of this proposal as unknown, \$100,000 per district that needs a Braille instructor.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This act requires a student to receive instruction in Braille reading and writing as part of his or her individualized education plan (IEP) unless, as a result of an assessment, instruction in Braille or the use of Braille is determined not appropriate for the child. This act creates a definition of "assessment" and modifies the definition of "student".

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
