FISCAL ANALYSIS

ASSUMPTION

Officials at the **Office of the State Public Defender (MSPD)** assume a negative unknown cost for this proposal.

Oversight notes that MSPD’s response has changed from last year. In response to similar proposals from 2017, the MSPD stated historically speaking, this proposal could cost MSPD more than \$100,000. Oversight will reflect a potential increase in fees of an unknown amount.

Officials at the **City of Kansas City** assume this proposal may have a small negative fiscal impact on the City in an indeterminate amount due to an increase in the fees the City pays for transcripts.

Officials at the **Office of the Attorney General (AGO)** assume that any potential costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if there is a significant increase in litigation.

Officials at the **Office of the State Courts Administrator** assume there may be some impact but there is no way to quantify that currently. Any significant changes will be reflected in future budget requests.

Officials at the **Office of Prosecution Services** assume no fiscal impact from this proposal.

Officials at **St. Louis County, Boone County** and the **Callaway County Commission** each assume no fiscal impact from this proposal.

FISCAL DESCRIPTION

Currently for the preparation of all appellate transcripts of testimony or for proceedings in any circuit court, the court report shall receive three dollars and fifty cents per page. This act repeals the specification that the court reporter is to receive three dollars and fifty cents per page in circuit court proceedings. Also, the act repeals the provision specifying that the court reporter is to be reimbursed three dollars and fifty cents per legal page for the preparation of such transcripts.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
