FISCAL DESCRIPTION

Under current law, in order for a school district to become attached to a community college district, a petition must be submitted to the school board of the school district signed either by voters of the district equal in number to ten percent of those voting in the last school election at which school board members were elected or by a majority of the voters of the district, at which point an election must be called. This act provides that a community college district may, by a majority vote of its board of trustees, propose a plan to the voters of the school district to attach the school district to the community college district, levy a tax rate equal to the rate applicable to the community college district at the time of the vote of the board of trustees, and call an election upon the question of such plan. The community college district shall be responsible for the costs associated with the election.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
