FISCAL ANALYSIS

ASSUMPTION

Officials at the **Office of the Secretary of State (SOS)** assume each year, a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, Joint Resolutions proposing a constitutional amendment are submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, §115.063.2, RSMo, requires the state to pay the costs. The cost of the special election has been estimated to be \$7.8 million based on the cost of the 2016 Presidential Preference Primary.

The SOS is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. Funding for this item is adjusted each year depending upon the election cycle. A new decision item is requested in odd numbered fiscal years and the amount requested is dependent upon the estimated number of ballot measures that will be approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2014, the General Assembly changed the appropriation so that it was no longer an estimated appropriation.

In FY19, over \$5.8 million was spent to publish the full text of the measures for the August and November elections. The SOS estimates \$65,000 per page for the costs of publications based on the actual cost incurred for the one referendum that was on the August 2018 ballot.

The SOS will continue to assume, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. Because these requirements are mandatory, we reserve the right to request funding to meet the cost of our publishing requirements if the Governor and the General Assembly again change the amount or continue to not designate it as an estimated appropriation.

Oversight has reflected in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2020. This reflects the decision made by the Joint Committee on Legislative Research, that the cost of the elections should be shown in the fiscal note. The next scheduled statewide primary election is in August 2020 and the next scheduled general election is in November 2020

ASSUMPTION (continued)

(FY 2021 for both). It is assumed the subject within this proposal could be on one of these ballots; however, it could also be on a special election called for by the Governor. Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2020.

Officials from the **Kansas City Election Board** assume SJR 7 would increase the number of petitions that would be processed and allow for more questions to appear on the ballot. It would increase August and November election expenses in even numbered years by at least \$20,000 per election. Temporary expense, overtime, legal notices and larger ballot paper requirements would make up this increase.

Officials from the **Platte County Board of Elections, Jackson County Election Board, and St. Louis County Board of Elections** each assume the proposal will have no fiscal impact on their organization.

Oversight notes that there may be an increased cost for petition processing to some local election authorities, whereas others may have a decreased cost in petition processing. The total number of signatures required will not change. Therefore, Oversight will reflect a zero net fiscal impact to local election authorities.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other local election authorities were requested to respond to this proposed legislation but did not. FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Currently, the Missouri constitution provides that initiative petitions to amend the constitution must be signed by 8 percent of the legal voters in two-thirds of the Congressional districts and initiative petitions to amend statute must be signed by 5 percent of such voters . Under this constitutional amendment, if approved by the voters, initiative petitions to amend the constitution must be signed by 5.8 percent of the legal voters in each Congressional district and initiative petitions to amend statute must be signed by 3.6 percent of such voters.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
