FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could require additional resources.

Oversight notes that SOS currently has \$250,000 in HB 2012.055 (2018) core funding that is estimated to be sufficient to continue to meet the advertising requirements of 115.427.5 and non drivers license reimbursement requirements of 115.427.6.

Officials from the **Office of State Courts Administrator, Department of Revenue, Attorney General's Office,** and **Monroe County Assessor** each assume the proposal will have no fiscal impact on their organization.

Oversight notes that the Office of State Courts Administrator, Department of Revenue, Attorney General's Office, and Monroe County Assessor have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other counties were requested to respond to this proposed legislation but did not.
