FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Natural Resources (DNR), Attorney General's Office** and **Office of the State Courts Administrator** each assume the proposal will have no fiscal impact on their respective organizations.

DNR further states, with passage of this bill, they will still be able to assess penalties for solid waste disposal areas. This proposal cleans up language to help clarify what amount of penalties can be assessed for solid waste facilities versus solid waste disposal areas. The penalty limits are different for each type of facility. The solid waste disposal area penalty language is contained later in the same paragraph.

Oversight notes that the agencies mentioned above have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, none of the solid waste districts requested to respond to this proposed did so. For a general listing of political subdivisions included in our database, please refer to www.legislativeoversight.mo.gov.
