Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other cities and counties were requested to respond to this proposed legislation but did not. For a general listing of political subdivisions included in our database, please refer to www.legislativeoversight.mo.gov.

Oversight notes this proposal extends the time frame from 5 years to 15 years to create a museum and cultural district. The museum and cultural district statutes allow property owners to create a museum district for funding, promoting, maintaining and operating a museum project upon a vote of the district members. The establishment of a museum district would be at the option of local voters who could assess a sales tax, assess admission fees, or issue revenue bonds or any or all of the three options for the funding of the museum project. Oversight notes this is optional for property owners and does not include any state funds and will not reflect an impact from this proposal.
