## FISCAL ANALYSIS

### ASSUMPTION

In response to a similar proposal from this year (SB 712), officials from the **University of Missouri Health Care** have reviewed the proposed legislation and determined that, as written, section 194.320 should not create expenses in excess of \$100,000 annually.

**Oversight** notes, based on conversations with University of Missouri Health Care officials, expenses expected to be less than \$100,000 annually are considered absorbable within current funding levels. Therefore, for fiscal note purposes, Oversight assumes no fiscal impact for the University of Missouri Health Care.

Officials from the **Department of Commerce and Insurance**, the **Department of Health and Senior Services**, the **Department of Mental Health**, the **Department of Revenue**, the **Office of the State Courts Administrator**, the **Department of Transportation**, the **Missouri Department of Conservation**, the **Office of Administration**, the **Department of Labor and Industrial Relations**, the **Department of Public Safety - Missouri Highway Patrol**, the **Missouri Consolidated Health Care Plan** and the **Department of Social Services** each assume the proposal will have no fiscal impact on their respective organizations.

**Oversight** notes that the above mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

In response to similar proposals containing rules promulgation language (as in Sections 376.1590 & 379.402) officials from the **Office of the Secretary of State (SOS)** have stated many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of

ASSUMPTION (continued)

regulations at substantial costs, the SOS could require additional resources.

Officials from the **Joint Committee on Administrative Rules (JCAR)** state this legislation is not anticipated to cause a fiscal impact beyond its current appropriation.

**Oversight** assumes JCAR will be able to administer any rules resulting from this proposal with existing resources.

<u>FISCAL IMPACT - State Government</u>	FY 2021 (10 Mo.)	FY 2022	FY 2023
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2021 (10 Mo.)	FY 2022	FY 2023
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

Small insurance companies may be impacted by this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
