Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

FISCAL ANALYSIS

ASSUMPTION

§27.115 - Attorney General Military Program

Officials from the **Attorney General's Office (AGO)** assume that if §27.115 becomes law, the AGO will be mandated to create and oversee a program not currently required by state law. As a result, the AGO would require one (1) Assistant Attorney General (AAG) I at an annual salary of \$45,500 and one (1) Paralegal at an annual salary of \$42,000 along with necessary office equipment to administer the program.

Additionally, the legislation requires the AGO to market and publicize the program which the AGO assumes will create substantial costs for travel, lodging, and materials. Therefore, in addition to two (2) FTE, the AGO assumes additional costs in this area.

Oversight does not have any information contrary to that provided by AGO. Therefore, Oversight will reflect AGO's impact for fiscal note purposes to the General Revenue Fund.

§§208.151 and 210.109 - Temporary suspension of MO HealthNet and Child protection/determination if the person is a member of the military

Officials from the **Office of Administration (OA), Information Technology Services Division (ITSD)/DSS** state this proposal requires changes to the Family Assistance Management Information System (FAMIS), MO HealthNet Division (MHD) systems, the Missouri Eligibility Determination and Enrollment System (MEDES).

It is assumed that every new IT project/system will be bid out because all ITSD resources are at full capacity. The standard IT consultant contract rate is \$95 per hour.

Changes for FAMIS pertain to temporarily suspending MO HealthNet benefits and then reinstating them based on the participant residing within the state. FAMIS does have eligibility determination factors to verify if a participant requesting benefits resides within the State of Missouri and approves/rejects based on the current business rules. However, at this time, there is no way of identifying if a participant is part of the Armed Forces. This estimate includes system changes to gather this data through an existing screen change or including a new screen.

The fiscal note also adds a provision for a member of the Armed Forces to continue his/her benefits even if they do not reside within the State of Missouri but is here temporarily for military duty. This, too, is a new functionality not available at this time. This involves changes to the eligibility determination process.

ASSUMPTION (continued)

It is estimated these system changes will require 1,097.28 hours. Total one-time costs to the General Revenue Fund for these **FAMIS** changes are estimated at **\$104,242** (1,097.28 x \$95/hr).

Changes for MHD systems are required because 42 CFR 435.403 requires states to provide Medicaid coverage to eligible residents of the state including residents who are temporarily absent from the state. Developmental disability services are covered under the family categories of MO HealthNet and the Children's Health Insurance Program. Since coverage for these services continues while absent from the state, there is no benefit to suspending the coverage.

Section 208.151.7(2) requires eligibility for MO HealthNet developmental disability services for members of the Armed Forces or an immediate family member who are temporarily residing in Missouri and would otherwise be eligible for MO HealthNet developmental disability services. Eligibility for the Medicaid/MO HealthNet categories that typically include coverage for developmental disabilities is determined by the Missouri Eligibility Determination and Enrollment System (MEDES). These categories provide a wide range of coverage that encompasses more than developmental disability services. As a result, a new Medicaid Eligibility code will need to be created to limit the service package.

It is estimated the changes to **MHD systems** will require approximately 328.32 hours, costing a total of **\$31,190** (328.32 x \$95/hr).

Section 208.151.7(2) requires eligibility for MO HealthNet developmental disability services for members of the Armed Forces or an immediate family member who are temporarily residing in Missouri and would otherwise be eligible for MO HealthNet developmental disability services. Eligibility for the Medicaid/MO HealthNet categories that typically include coverage for developmental disabilities is determined by the Missouri Eligibility Determination and Enrollment System (MEDES). These categories provide a wide range of coverage that encompasses more than developmental disability services. As a result, a new Medicaid Eligibility code will need to be created to limit the service package.

System modifications to **MEDES, MO HealthNet Systems** and the **Missouri Medicaid Information System (MMIS)** will be required.

The eligibility determination will occur in MEDES. Modifications will be required to the residency requirement to allow eligibility for out-of-state residents temporarily staying in Missouri for military service. If eligible on all other existing factors, provide coverage under the new Medicaid Eligibility code. The DCN will be stored on an eligibility file to be processed by MO HealthNet systems.

ASSUMPTION (continued)

MO HealthNet reads the DCN's on the eligibility file and queries MEDES, Youth Services, Family and Children Electronic System (FACES/child welfare) and the Family Assistance Management Information System to build the complete eligibility history for each DCN and transmits it to the MMIS. The history is the complete set of ME code segments with start and stop dates for each individual.

MMIS uses the history to process medical claims from health care providers. The new ME code ensures that only MO HealthNet developmental disability services are covered for this population.

MEDES is currently maintained under contract with Redmane, LLC. Contract #C2170849002 includes provisions for system changes via Project Assessment Quotations (PAQ's) and includes hourly rates for design, development and implementation services by resource type. Some of the modifications to MEDES that will be required in order to meet the provisions of 208.151.7(2) include:

1. Add two new evidences and outstanding verification (OV) items to Curam:
 - a. Armed Forces service status and length of stay;
 - b. Developmental disability.
2. Addition/modifications of Curam Intelligent Evidence Gathering (IEG) scripts to capture new information in the Citizen Portal and Worker Portal:
 - a. Follow residence question conditionally (when applicant indicates they are not a resident of Missouri) with questions about service status in Missouri and when the status is anticipated to change.
3. Modifications to Curam Express Rules:
 - a. Residency requirements changes;
 - b. Eligibility rules changes - maintain existing rules for the MO HealthNet programs with the exception of the residency requirement;
 - c. New Medicaid Eligibility (ME) code to provide eligibility for developmental disability services only.
4. ME Comparator changes:
 - a. The system does a Medicaid eligibility determination for the existing Medicaid and CHIP categories - if determined eligible, assign the new ME code that provides only the limited developmental disability services.
5. Create new approval and closing reasons to be used for notice generation - notice to advise the applicant they are approved for MO HealthNet and provided coverage for developmental disability services only.
6. Notice changes.

ASSUMPTION (continued)

7. Modify programming for Determination Summary Table (DST) to accommodate new ME code.
8. Create a new management report listing cases and individuals covered under this provision and a new management report listing cases and individuals that are still active but the current date is greater than the projected end date.

Costs for **MEDES, MO HealthNet Systems** and **MMIS** changes are estimated to be **\$858,900** for FY 2021 with on-going costs for FY 2022 estimated to be **\$122,700**. All costs will be to the General Revenue Fund.

Section 210.109 requires ITSD to modify the existing Family and Children’s Electronic System (FACES) application including impact to the Background Screening (BSUI) and Foster Care Safety Registry (FCSR) components. The assumption is the development of the new system letter will be similar to the programming logic already utilized with other letters generated in the **FACES** application. It is assumed this will require 907.20 IT consultant hours at \$95/hour for a total one-time cost of **\$86,184** to the General Revenue Fund.

It is estimated the changes to **MEDES, MHD systems, MMIS** and **FACES** will cost **\$1,080,516** in FY 2021, with on going costs in FY 2022 of **\$122,700**.

Total all ITSD costs to the General Revenue Fund:

	<u>2021</u>	<u>2022</u>
FAMIS	\$104,242	\$0
MHD systems	\$31,190	\$0
MEDES, MHD systems and MMIS	\$858,900	\$122,700
FACES	<u>\$86,184</u>	<u>\$0</u>
Total	<u>\$1,080,516</u>	<u>\$122,700</u>

Oversight does not have any information contrary to that provided by OA,ITSD/DSS. Therefore, Oversight will reflect OA,ITSD/DSS’s impact for fiscal note purposes.

§620.2005 Senate Amendment (SA) 1

Officials from the **Office of Administration - Budget and Planning (B&P)** state this proposal clarifies that the Missouri Works program is available for both full-time and part-time employees for certain projects. To the extent businesses qualify for additional tax credits this proposal could impact General and Total State Revenues and the calculation pursuant to Article X, Section 18(e). Additionally, to the extent this proposal encourages other economic activity, General and Total State Revenue may increase, but B&P cannot estimate the induced revenues.

ASSUMPTION (continued)

Oversight notes the **Department of Economic Development** and the **Department of Revenue** have each stated the proposal would not have a direct fiscal impact on their respective organizations. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

§41.035 Senate Amendment (SA) 2

Officials from the **Department of Public Safety - Missouri National Guard (MNG)** believe there is a potential fiscal impact of \$150,000 - \$200,000 to our personal services. This potential impact would cause reorganizing into a department structure which would create Division Directors, a Deputy Director and Department Director. The unknown at this time is our ability to pay a percentage of certain employees with federal money depending on their funding source and involvement with military missions.

Oversight notes the concerns of the MNG and realizes with a restructure new duties and pay ranges may be established or affected. Therefore, Oversight will reflect a cost of \$0 or Could exceed (\$200,000) to the Department of Military Forces' budget for additional salaries (including fringe benefits) as well as other department-specific personnel that may be required (budget, general counsel, etc.) by creating another department.

In response to a similar proposal from 2020 (SB 896), officials from the **Office of Administration - General Services (OA/GS)** stated if the creation of a Department of Military Forces and the other changes are interpreted to increase the number of people covered by state workers' compensation benefits and the Legal Expense Fund, then there could be an increase in costs to the state for workers' compensation benefits and costs to the LEF, if claims are successfully brought.

The number of potential claims, the severity of those claims, and the ultimate costs associated with any settlement or judgment resulting from those claims cannot be forecasted with any degree of assurance to their accuracy.

The state self-assumes its own liability for workers' compensation benefits and under the state Legal Expense Fund, Section 105.711, RSMo. The LEF is a self-funding mechanism whereby funds are made available for the payment of any claim or judgment rendered against the state in regard to the waivers of sovereign immunity or against employees and specified and individuals. Investigation, defense, negotiation or settlement of such claims is provided by the Office of the Attorney General. Payment is made by the Commissioner of Administration with the approval of the Attorney General.

ASSUMPTION (continued)

Oversight assumes the new personnel caused by creating a new department would not materially change the number of people covered by state workers' compensation benefits and would have no fiscal impact upon the OA/GS and will reflect a zero impact for fiscal note purposes.

Officials from the **Joint Committee on Administrative Rules (JCAR)** stated this legislation is not anticipated to cause a fiscal impact beyond its current appropriation.

Oversight assumes JCAR will be able to administer any rules resulting from this proposal with existing resources.

In response to a similar proposal from 2020 (SB 896), officials from the **Office of the Secretary of State (SOS)** stated many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could require additional resources.

Oversight notes the **Governor's Office** has stated the proposal would not have a direct fiscal impact on their organization.

Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

According to HB 8 (2019), the total amount appropriated to the Office of the Adjutant General for FY 2020, by fund is:

ASSUMPTION (continued)

General Revenue	\$7,904,523
Missouri National Guard Trust Fund	\$5,275,256
Federal Drug Seizure Fund	\$240,000
Veterans' Commission Capital Improvement Trust Fund	\$635,628
Federal Funds	\$30,388,904
Adjutant General Revolving Fund	\$25,000
Missouri Military Family Relief Fund	\$150,000
National Guard Training Site Fund	\$351,436
Total	\$44,970,747

Oversight notes the provisions of this act are contingent upon the passage of a constitutional amendment that provides for the establishment of the Department of Military Forces. Oversight assumes the constitutional amendment will be presented at the next general election in November 2020. Therefore, Oversight will range the fiscal impact of the transfer from \$0 (joint resolution is rejected by the voters) or to the annual appropriation for the Department of Public Safety - Office of the Adjutant General. Oversight will assume 6 months of impact (starting January 2021 after approval in November 2020) in FY 2021.

§36.020 Senate Amendment (SA) 3

In response to a similar proposal from 2020 (SB 620), officials from the **Office of Administration**, the **Department of Public Safety - Missouri National Guard**, the **Department of Transportation** and the **Missouri Department of Conservation** each assumed the proposal will have no fiscal impact on their respective organizations.

Oversight notes that the above mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Bill as a Whole

Oversight notes the **Department of Commerce and Insurance**, the **Department of Elementary and Secondary Education**, the **Department of Health and Senior Services**, the **Department of Mental Health**, the **Department of Public Safety - (Office of the Director and the Missouri State Highway Patrol)**, the **Department of Revenue**, the **Department of Social Services**, the **Department of Transportation**, and the **Office of Administration** have each stated the proposal would not have a direct fiscal impact on their respective organizations. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This act modifies provision relating to military affairs, including state designations, programs implemented by the Attorney General, teacher licensing, veterans' homes, developmental disability services, child protection, and motor vehicle insurance.

MILITARY FAMILY MONTH (Section 9.297)

This act designates November as "Military Family Month" in Missouri to recognize the daily sacrifices of military families.

This provision is identical to HB 1328 (2020).

FISCAL DESCRIPTION (continued)

BUDDY CHECK 22 DAY (Section 9.300)

This act designates the 22nd day of each month as "Buddy Check 22 Day" to encourage citizens check in on veterans and to raise awareness of the problem of suicide facing military personnel.

ATTORNEY GENERAL MILITARY PROGRAM (Section 27.115)

This act requires the Attorney General to design, implement, and oversee a program to assist members of the military and their families in finding and retaining legal counsel. The program shall be marketed to attorneys in addition to military families and shall publicize pro bono legal services available to military families. The Attorney General shall collaborate with the Missouri Bar in the administration of the program and shall utilize existing staffs, volunteers, and programs. The Department of Defense and military facilities in Missouri are encouraged to promote this program. Additionally, any additional funds needed to implement this program shall be subject to appropriations.

This provision is similar to a provision in HB 1316 (2020).

TEACHER LICENSING FOR MILITARY SPOUSES (Section 168.021)

This act provides that a provisional certificate issued to any qualified military spouse who is hired to teach in a Missouri public school is valid for three years. Additionally, within 30 days after receiving an application and of completion of the required background check, the State Board of Education shall issue a full certificate of license to a spouse of a member of the Armed Forces who meets certain residence requirements if all necessary fees are paid and all other licensing requirements are met.

This provision is similar to a provision in HB 1316 (2020).

STATE OMBUDSMAN & VETERANS' HOMES (Section 192.2305)

This act authorizes the Office of State Ombudsman for Long-Term Care Facility Residents to receive, respond to, and resolve complaints made by or on behalf of residents of Missouri veterans' homes relating to the action, inaction, or decisions of providers or agencies affecting resident health, safety, welfare, or rights. The State Ombudsman or representatives of the Office, in addition to all current authority granted by state statute, shall have the authority to enter any veterans' home and have access to residents in a reasonable time and manner and have access to resident records with the permission of the resident or the resident's guardian. Additionally, the Office shall analyze and monitor the development and implementation of federal, state, and local law and regulations regarding Missouri veterans' homes.

This provision is identical to SB 846 (2020).

FISCAL DESCRIPTION (continued)

DEVELOPMENTAL DISABILITY SERVICES FOR MILITARY FAMILIES (Section 208.151)

This act provides that Missouri members of the Armed Forces and their immediate family shall have their eligibility for MO HealthNet developmental disability services temporarily suspended for any period of time during which such person temporarily resides outside of Missouri for reasons relating to military service. Upon returning to the state, the eligibility shall be immediately restored. If the military member or an immediate family member is not a legal resident of this state, but would otherwise be eligible for developmental disability services, the individual shall be eligible for such services during the time in which the individual is temporarily present in Missouri for reasons relating to military service.

This provision is substantially similar to a provision in HB 1316 (2020).

CHILD PROTECTION FOR MILITARY FAMILIES (Sections 210.109 and 210.150)

This act requires the Children's Division to attempt to ascertain whether the suspected perpetrator or any person responsible for the care, custody, and control of a child is a member of the Armed Forces after receiving a report on alleged abuse or neglect of a child.

This act allows appropriate staff of the United States Department of Defense to receive access to investigation records contained in the central registry of the Children's Division and records maintained by the Children's Division following a report of child abuse and neglect in cases where the suspected perpetrator or any person responsible for the care, custody, and control of the subject child is a member of the Armed Forces.

Additionally, this act requires the Division to report findings in cases where the person responsible for the care, custody, and control of a child is a member of the Armed Forces to the most relevant family advocacy program or other relevant person authorized by the United States Department of Defense to receive reports.

These provision is substantially similar to provisions in HB 1316 (2020).

MOTOR VEHICLE INSURANCE (Sections 379.122)

This act requires the Adjutant General to ensure that members of the state military forces receive notice of certain protections relating to motor vehicle insurance, and encourages the secretaries of the branches of the United States Armed Forces to likewise notify members under their jurisdictions.

The act specifically notes that the term "adverse underwriting decision" shall include a decision to charge an increased premium.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
