**FISCAL ANALYSIS**

**ASSUMPTION**

Officials from the **Department of Labor and Industrial Relations** and **Joint Committee on Administrative Rules** both assume the proposal will have no fiscal impact on their respective organization.

**Oversight** notes that above organizations have stated the proposal would not have a direct fiscal impact on their respective organizations. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Officials from the **Office of the Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State’s office is provided with core funding to handle a certain amount of normal activity resulting from each year’s legislative session. The fiscal impact for this fiscal note to Secretary of State’s office for Administrative Rules is less than \$5,000. The Secretary of State’s office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** assumes SOS is provided with core funding to handle a certain amount of activity each year. Oversight assumes SOS could absorb the costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, SOS could request funding through the appropriation process.
