FISCAL ANALYSIS

ASSUMPTION

Due to time constraints, **Oversight** was unable to receive some agency responses in a timely manner and performed limited analysis. Oversight has presented this fiscal note on the best current information that we have or on information regarding a similar bill(s). Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note.

§173.280 – Compensation for Student Athletes

In response to a similar proposal from this year (HB 498), officials from the **Attorney General's Office, Missouri Office of Prosecution Services and Department of Higher Education and Workforce Development** each assumed the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

In response to a similar proposal from this year (HB 498), officials from the **Missouri State University, State Technical College of Missouri, and the St. Charles Community College** each assumed the proposal will have no fiscal impact on their respective organizations.

In response to a similar proposal from this year (HB 498), officials from the **Northwest Missouri State University** assumed there is no impact to their financials. This may affect individual student-athletes if they enter into agreements that utilize their name, image or likeness (NIL). There is some time-management/trainings that need to be held on their part to educate student-athletes on the implications of NIL, but nothing that drastically impacts their normal, yearly operations.

In response to a similar proposal from this year (HB 498), officials from **University of Central Missouri** assumed there would be an indeterminate fiscal impact.

In response to a similar proposal, HB 1748 (2020), officials from the **University of Missouri System** assumed this proposal would result in additional costs to the University of an undetermined amount.

Upon further inquiry, the University of Missouri System indicated there could be costs related to contract review as well as training costs for staff.

Oversight assumes there could be costs related to contract review, staff training and for the implementation of an annual financial development program for student athletes. Oversight will show a range of impact from \$0 (the costs are minimal and can be absorbed) to an unknown cost to Colleges and Universities.

§§334.530 & 334.655 – Fresh Start

Oversight assumes this section of the proposal will have no fiscal impact on state or local government.

§337.068 – Psychologist License

In response to a previous version, officials from the **Department of Commerce and Insurance**, the **Department of Corrections**, the **Department of Health and Senior Services**, the **Department of Social Services** and the **Department of Mental Health** each assumed the proposal will have no fiscal impact on their respective organizations.

Oversight notes that the above mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.
