FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Elementary and Secondary Education** assume the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

In response to a similar proposal, HB 465 (2021), officials from the **High Point R-III School District** assumed the proposal would have no fiscal impact on their organization.

Oversight assumes this proposal requires training or professional development in youth suicide awareness and prevention to contain at least one unit relating to stress management. Oversight assumes this proposal would not have a fiscal impact as the teachers are already required to have a set number of professional development hours, and they may annually complete up to two hours in youth suicide awareness and prevention.

Oversight received a limited number of responses from school districts related to the fiscal impact of this proposal. Oversight has presented this fiscal note on the best current information available. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other school districts were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
