FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of Administration, Division of Facilities Management, Design and Construction** state they do not make public the appraisal values for property that may be sold or conveyed because public knowledge of such information may hinder the State's ability to gain the best value for the property. Additionally, since the terms of conveyances are yet to be determined, the fiscal impact, if any, cannot be calculated. Therefore, the fiscal impact is \$0 to unknown.

Officials from the **Department of Public Safety – Missouri National Guard (MNG)** and the **Attorney General's Office** each assume the proposal would not fiscally impact their respective offices.

In response to a similar proposal (HB 1032), officials from the **Office of the Governor** assumed the proposal would not fiscally impact their office.

Officials from the City of Kirksville did not respond to our request for fiscal impact.

As this parcel appears to be material in size (square city block contained by West Scott Street, West Fillmore Street, South Main Street and South Elson Street currently contains the Missouri National Guard Armory building), **Oversight** will reflect the transaction of the conveyance of state property in Adair County to the Kirksville R-III school district as 1) a loss of the value of the state property, 2) the proceeds (if any) of the sale/conveyance, and 3) the annual savings (if any) to the state no longer maintaining the property.
