FISCAL ANALYSIS

ASSUMPTION

§§579.040 and 579.076 – Distributors of hypodermic needles

Officials from the **Department of Health and Senior Services (DHSS)** state the proposed legislation would require any entity that possesses, distributes, or delivers hypodermic needles or syringes for the purpose of operating a syringe access program or mitigating health risks that are associated with unsterile drug use to register with the DHSS. The duties associated with the registration of entities would require an additional 25 hours per year by a Public Health Program Specialist, which would cost of \$531.67 annually. (The average Public Health Program Specialist salary in the Division of Community and Public Health is \$44,235.26 as of January 2021. An average hourly salary of \$21.27 X 25 hours = \$531.67).

The 25 hours per year is based on data entry of entities into the registry. The department anticipates being able to absorb these costs. However, until the FY23 budget is final, the department cannot identify specific funding sources.

Oversight does not have any information to the contrary. Oversight assumes the DHSS has sufficient staff and resources available to absorb the minimal additional duties imposed by the provisions of this proposal and will reflect no fiscal impact for DHSS for fiscal note purposes.

Officials from the **Department of Corrections**, the **Department of Public Safety**, **Missouri Highway Patrol**, the **Newton County Health Department**, the **St. Louis County Health Department**, the **Missouri Office of Prosecution Services** and the **Office of the State Courts Administrator** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

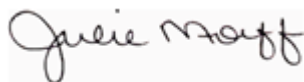

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
