# **FISCAL ANALYSIS**

#### **ASSUMPTION**

Officials from the Missouri Ethics Commission, Office of the State Public Defender, Missouri Office of Prosecution Services, and Missouri Highway Patrol each assume the proposal will have no fiscal impact on their respective organizations.

The Office of the Secretary of State (SOS) assumes many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could require additional resources.

In response to a previous version, officials from the **Office of the State Courts Administrator** (**OSCA**) assumed there may be some impact but there is no way to quantify that currently. Any significant changes will be reflected in future budget requests.

**Oversight** assumes the OSCA will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the OSCA for fiscal note purposes.

In response to the previous version, the **Office of Administration** assumed the proposal will have no fiscal impact on that organization.

In response to similar legislation, HCS for HB 2120 from 2022, officials from the **Attorney General's Office** assumed the proposal will have no fiscal impact on their organization.

**Oversight** assumes subsection 105.1500.5 of this proposal would allow causes of action against various public agencies throughout the state. If the state is found liable, there may be additional payouts from the State Legal Expense Fund. Oversight assumes an annual fiscal impact from \$0 (no such civil actions brought against the state) to an unknown amount - not likely to exceed \$250,000 – of civil damages payouts.

L.R. No. 3726S.03C Bill No. SCS for SB 741 Page **4** of **7** March 29, 2022

Therefore, **Oversight** will assume the net fiscal impact to the Legal Expense Fund will be \$0 due to transfers in from General Revenue, Federal Funds, and Other State Funds from various state agencies to offset judgements against the state.

## FISCAL DESCRIPTION

This act establishes the Personal Privacy Protection Act prohibiting public agencies, as defined in the act, from disclosing or requiring the disclosure of personal information, as defined in the act. Specifically, public agencies are prohibited from:

- · Requiring any individual to provide the public agency with personal information or otherwise compel the release of such personal information;
- · Requiring any entity exempt from federal income taxation under Section 501(c) of the Internal Revenue Code to provide the public agency with personal information or otherwise compel the release of personal information;
- · Releasing, publicizing, or otherwise publicly disclosing personal information in possession of a public agency; or

L.R. No. 3726S.03C Bill No. SCS for SB 741 Page **7** of **7** March 29, 2022

· Requesting or requiring a current or prospective contractor or grantee with the public agency to provide the public agency with a list of entities exempt from federal income tax under Section 501(c) of the Internal Revenue Code to which it has provided financial or nonfinancial support.

The act contains various exceptions to these prohibitions.

Any person or entity may bring a civil action for appropriate injunctive relief, damages, or both. Damages may be not less than \$2,500 to compensate for injury or loss caused by each violation of this act and, for an intentional violation, a sum of money not to exceed three times the sum of damages assessed. A court may additionally award all or a portion of the costs of litigation, including reasonable attorney fees and witness fees, to the complainant in the action if the court determines that the award is appropriate. Furthermore, a person who knowingly violates this act is guilty of a Class B misdemeanor.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
