## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Office of Administration – Division of Purchasing (OA)** state the proposed legislation will require OA/Purchasing to include bid language and exhibits for vendor to self-certification/attestation that the vendor does not discriminate against firearms manufacturers to ensure that contracts are not awarded to such entities so that subsequent expenditures under the contract are not made to such entities.

OA-Purchasing believes that the impact of this bill is less than \$10,000 total. However, until the FY23 budget is finalized, specific funding sources cannot be identified.

**Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note based on the assumption that costs would be absorbable within current appropriations.

Officials from the **Office of Administration - Facilities Management, Design and Construction (FMDC)** state the proposed legislation will require OAFMDC to include bid language and exhibits for vendor to self-certification/attestation that the vendor does not discriminate against firearms manufacturers to ensure that contracts are not awarded to such entities so that subsequent expenditures under the contract are not made to such entities.

FMDC believes that the impact of this bill is less than \$10,000. However, until the FY23 budget is finalized, specific funding sources cannot be identified.

At this time, it is believed that the additional staff time and resources can be absorbed by FMDC. However, if there are multiple pieces of legislation passed where FMDC has responded that the costs can be absorbed, FMDC would need to reevaluate to see if additional staff and associated expenses would then be required.

**Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note.

Officials from the **Department of Natural Resources**, the **Missouri National Guard**, the **Missouri Department of Conservation** and the **Missouri Department of Transportation** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State** notes many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to Secretary of State's office for Administrative Rules is less than \$5,000. The Secretary of State's office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, they also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, they reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** only reflects the responses that we have received from state agencies and political subdivisions; however, other cities were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.

FISCAL DESCRIPTION
