FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of Administration, Department of Revenue, Department of Commerce and Insurance, the Department of Economic Development, the Department of Elementary and Secondary Education, the Department of Higher Education and Workforce Development, the Department of Health and Senior Services, the Department of Mental Health, the Department of Natural Resources, the Department of Labor and Industrial Relations, the Department of Public Safety (Office of the Director, Capitol Police, Alcohol & Tobacco Control, Fire Safety, Gaming Commission, Missouri Highway Patrol, Missouri National Guard, State Emergency Management Agency and Veterans Commission), the Department of Social Services, the Office of the Governor, the Joint Committee on Administrative Rules, the Joint Committee on Public Employee Retirement, the Missouri Lottery Commission, the Missouri Consolidated Health Care Plan, the Department of Agriculture, the Missouri Department of Conservation, the Missouri Ethics Commission, the Missouri House of Representatives, the Department of Transportation, the Office of Prosecution Services, the Office of Administration (Administrative Hearing Commission and Budget and Planning), the Office of the State Courts Administrator, the Office of the State Auditor, the Missouri Senate, the Office of the Secretary of State, the Office of the State Public Defender, the Office of the State Treasurer and the State Tax Commission** each assume the proposal will have no fiscal impact on their respective organizations for this proposal.

Oversight notes that the above mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Officials from the **Department of Corrections (DOC)** state this proposal creates new provisions prohibiting discrimination against businesses based on environmental, social, and governance scores.

This legislation appears to limit the DOC's ability to score bidders based on their composite materials and institutional security, and could increase the possibility for litigation against the department if a bidder does not agree with the scoring process.

DOC states that the Missouri Vocational Enterprises uses some raw materials containing various levels of recycled content for some product lines. Since the recycled content may vary from one product supplier to another, this could potentially create a negative impact if the evaluation was considered "preferential treatment based on an environmental, social, and governance score."

It is unknown if, and when, a business would disagree with the procurement process. Therefore, this legislation could cause an unknown impact to the department.

Officials from the **Kansas City** assume this proposal could have a negative fiscal impact on their city.

Oversight assumes because the potential for litigation is speculative, the DOC or any governmental agency that lets bids, will not incur significant costs related to this proposal.

Officials from the cities: **O’Fallon** and **Springfield**, each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other cities and counties were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

Officials from the **Attorney General’s Office** did not respond to **Oversight’s** request for fiscal impact for this proposal.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.
