FISCAL ANALYSIS

ASSUMPTION

§544.170 – Period of detention

Officials from the **Department of Corrections**, the **Department of Public Safety - Missouri Highway Patrol**, the **Department of Natural Resources**, the **Department of Social Services**, the **Missouri Department of Conservation**, the **Missouri Office of Prosecution Services**, the **Office of the State Courts Administrator**, the **Office of the State Public Defender**, the **Kansas City Police Department**, the **St. Joseph Police Department**, the **St. Louis County Police Department**, and the **Phelps County Sheriff's Department** assume the proposal will have no fiscal impact on their respective organizations.

In response to similar legislation from 2022 (SB 766), officials from the **Attorney General's Office** assumed the proposal will have no fiscal impact on their organization.

Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note.

In response to similar legislation (SB 130) from 2021, officials from the **Boone County Sheriff's Department** stated over the last several years, the department has seen a large increase in those persons arrested on felony charges. At this time, the jail is housing just six misdemeanor detainees with more than 200 detainees' total. The extension to 48 hours for certain felony arrestees will result in an increase in the amount of time a felony arrestee is housed in the jail. The daily average cost to house a detainee is around \$60 a day. The jail intakes 8-12 persons a day. Therefore, the department estimates the housing cost will increase \$120 a day.

In response to similar legislation (SB 130) from 2021, officials from the **Lewis County Sheriff's Department** stated impact will vary dependent on size and scope of jurisdiction. The cost per day will also vary from jurisdiction. Generally, the cost of incarceration ranges from \$45 per day to \$80 per day. Departments must consider new booking data and calculate the release of these types of inmate.

In response to similar legislation (SB 130) from 2021, officials from the **Crestwood Police Department** stated this 48 hour detention period could have a fiscal impact, though not terribly burdensome, on the department for the extra meals the city would provide to the suspect/prisoner.

In response to similar legislation (SB 130) from 2021, officials from the **Ellisville Police Department** stated this would have a positive impact from a criminal investigation standpoint. The minor fiscal impact of housing someone an extra day is greatly offset by the positive nature of this change.

Oversight notes the statements of fiscal impact and no impact to various police and sheriff’s departments. Oversight is unable to project a statewide impact to local jailers for the additional time some persons may be kept in custody. Oversight will reflect an impact to local governments as \$0 to (Unknown) additional costs, but as stated above, this additional time would be beneficial to law enforcement agencies. Oversight notes this proposal is permissive and allows more flexibility to local law enforcement.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other local law enforcement were requested to respond to this proposed legislation but did not. A general listing of political subdivisions opting to participate in the Missouri Legislative Information System (MOLIS) is available upon request.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

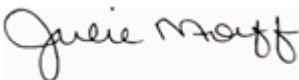

Under current law, all persons arrested and confined in any jail, without warrant or other process, for any alleged breach of the peace or other criminal offense, shall be discharged from custody within 24 hours from the time of arrest, unless they are charged with a criminal offense.

This act changes the period of detention on arrest without a warrant to 48 hours if a person is arrested for a criminal offense involving a dangerous felony or deadly weapon.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
