## **FISCAL ANALYSIS**

### **ASSUMPTION**

#### **SJR – Nothing in constitution to be construed to secure or protect right to abortion**

Officials from the **Office of the Secretary of State (SOS), Elections Division** state each year, a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, Joint Resolutions proposing a constitutional amendment are submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, section 115.063.2 RSMo requires the state to pay the costs. The cost of the special election has been estimated to be \$10 million based on the cost of the 2022 PPrimary and general election reimbursements.

The SOS is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. Funding for this item is adjusted each year depending upon the election cycle. A new decision item is requested in odd numbered fiscal years and the amount requested is dependent upon the estimated number of ballot measures that will be approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2014, the General Assembly changed the appropriation so that it was no longer an estimated appropriation.

For the FY24 petitions cycle, the SOS estimates publication costs at \$70,000 per page. This amount is subject to change based on number of petitions received, length of those petitions and rates charged by newspaper publishers.

The SOS will continue to assume, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. Because these requirements are mandatory, the SOS reserves the right to request funding to meet the cost of its publishing requirements if the Governor and the General Assembly again change the amount or continue to not designate it as an estimated appropriation.

**Oversight** has reflected, in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2024. This reflects the decision made by the Joint Committee on Legislative Research that the cost of the elections should be shown in the fiscal note. The next scheduled statewide primary election is in August 2024 and the next scheduled general election is in November 2024

(both in FY 2025). It is assumed the subject within this proposal could be on one of these ballots; however, it could also be on a special election called for by the Governor (a different date).

Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2024.

Officials from the **Jackson County Election Board**, the **Platte County Election Authority**, the **St. Louis City Board of Elections**, the **St. Louis County Election Authority** and the **Office of the Governor** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

**Oversight** only reflects the responses received from state agencies and political subdivisions; however, other election authorities were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.
