FISCAL ANALYSIS

ASSUMPTION

Section 43.539 and 43.540 Missouri RAP Back Program

Officials from the **Department of Public Safety - Missouri Highway Patrol (MHP)** assume the proposal will have no fiscal impact on their organization.

In response to a similar proposal in another bill, Perfected HB 70 from the 2023 session, officials from the **Missouri Highway Patrol (MHP)** stated the impact to the Criminal Record System fund is unknown but MHP has looked at projections and does not see a fiscal impact.

Based on information provided by the MHP, **Oversight** notes there were 103,325 non-criminal justice individuals enrolled in the RAP Back Program.

Oversight will show a range of impact to the Criminal Record System fund of \$0 to an unknown loss from foregone fees for criminal record reviews if certain persons no longer need to get a background check done every six years. Oversight is uncertain how many criminal record reviews are completed due to the six year requirement; however, Oversight does not anticipate the impact to the Criminal Records System Fund to exceed the \$250,000 threshold.

Section 171.097 - Background check for Any Person 18 Years of Age or Older

Officials from the **Department of Elementary and Secondary Education (DESE)** assume the proposal will not fiscally impact their agency.

Officials from the **Department of Public Safety - Missouri Highway Patrol (MHP)** state open records may be obtained by a name based or fingerprint based criminal record check. The fiscal impact is unclear as it cannot be determined which type of criminal record check would be conducted.

The estimated number of individuals required to have a criminal record check is not known to the Patrol. This would be dependent on the increase in number of criminal records check and what type of records checks performed based on Sections 171.097 and 195.817. Name based criminal record checks are \$14.00 and fingerprint based criminal record checks are \$20.00. Deposits from these records checks are placed in the Criminal Records System Fund (0671).

In response to SB 40 (2023), officials from the **Missouri Highway Patrol** stated the estimated number of individuals seeking enrollment that would require an open records criminal records check is not known to the Patrol. The Patrol will rely on DESE to provide the projected number of individuals seeking enrollment that would require an open records criminal records check and

what type of records check. Depending on what the individual school districts decide, the fiscal impact may be incurred by the district or the cost may be incurred by the individual, at the request of the district.

In response to a similar proposal from 2020 (HB 1483), officials from the **MHP** stated:

The Department of Elementary and Secondary Education anticipates that this legislation would impact a relatively low number of individuals totaling approximately 100 applicants per year equaling \$2,200 deposited in the Criminal Record System Fund annually.

100 applicants x \$22.00 = \$2,200 deposited in the Criminal Record System Fund annually.

The cost for a state and federal fingerprint based criminal record check is **\$33.25**, per request. The state portion of the record check fee is \$20.00 and the federal portion is \$13.25. If the submitting agency chooses to utilize the state fingerprint services vendor, then an additional \$8.50 is charged by the vendor for this service. Thus, the fee breakdown per request is as follows:

State Fee: \$20.00

Federal Fee: \$13.25

Total (state and federal Fee) \$33.25

Total (state, federal and vendor fee): \$41.75

The total amount retained in the Criminal Record System Fund after paying the FBI is \$22.00 per request. This equals \$20.00 for the state fee, pursuant to Section 43.530, and \$2.00 of the federal fee, pursuant to 28 CFR 20.31(e) (2) and the current fee schedule as posted in the Federal Register.

In response to a similar proposal from 2019, HB 836 (2019), **Springfield Public School** officials assumed this proposal would cost \$5,000 for process management.

In response to a similar proposal, HB 836 (2019), **Francis Howell School District** officials assumed their district does not have any program in which an adult student, as defined in the proposed legislation, attends classes with “regular” K-12 students.

Oversight assumes if school districts must perform background checks on adult students not counted for purposes of average daily attendance, income to the Criminal Record System Fund (0671) would increase \$2,200 (using the 2020 estimate given by the MHP) and school districts cost would increase \$4,175 (100 x \$41.75). Oversight does not consider these amounts material; therefore, Oversight will not show a fiscal impact to the MHP or to school districts from this section of the proposal

Section 195.817 – Background checks related to marijuana facilities

In response to the previous version, officials from the **Department of Health and Senior Services**, the **Department of Public Safety (DPS) - Missouri Highway Patrol (MHP)** and the **Office of Administration** each assumed this section of the proposal would have no fiscal impact on their respective organizations.

In response to a similar proposal, SB 40 (2023),

As noted earlier, the DPS-MHP current background check fees cost \$41.75 each, broken out as follows:

\$20.00	State fee
\$13.25	Federal Fee
<u>\$ 8.50</u>	Vendor fee
\$41.75	Total

In addition to the State fee of \$20, the state receives \$2 as a pass-through fee from federal government. Therefore, for each background check conducted, \$22 will be deposited into the Criminal Record System Fund (#0671). **Oversight** also obtained additional information from the DHSS projecting the number of ID applications they anticipate receiving as a result of the passage of Amendment 3. DHSS said they anticipate receiving 9,000 agent ID applications each for FY2024 and FY2025 and don't expect agent applications to increase significantly past the numbers projected for FY 2025. Currently, DHSS started issuing agent licenses in April 2020 and the licenses are valid for three years, therefore, DHSS estimates renewals occurring starting in 2023. DHSS projects the same average beyond the period of the fiscal note and doesn't anticipate tapering off of applications.

Since the actual number of applications is unknown, Oversight assumes the impact to the Criminal Records System Fund could be up to \$198,000 annually (\$22 * 9,000 applications).

Section 210.493 - Background checks required of certain individuals

In response to a similar proposal, HB 81 (2023), officials from the **Office of the State Courts Administrator** assumed the proposal would have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

Responses regarding the proposed legislation as a whole

Officials from the **Attorney General's Office**, **Department of Commerce and Insurance**, **Department of Elementary and Secondary Education**, **Department of Health and Senior Services**, **Department of Labor and Industrial Relations**, **Department of Mental Health**, **Department of Revenue**, **Department of Public Safety (Director's Office, Gaming Commission, Missouri Highway Patrol, Missouri Veterans Commission)**, and the **State Emergency Management Agency**), **Department of Social Services**, **Missouri Department of**

Agriculture, Missouri Department of Transportation, Missouri Lottery, Missouri National Guard and the Branson Police Department, St. Louis County Police Department and the Phelps County Sheriff assumed the proposal would have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies for this proposal.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other sheriffs and police departments were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

In response to a similar proposal, officials from the **Office of the Secretary of State (SOS)** noted many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.
