 Bill No.: SB 140
 Subject: Corporations; Economic Development; Education, Higher; Public Service
 Commission; Utilities
 Type: Original
 Date: February 2, 2023

Bill Summary: This proposal creates provisions relating to workforce development investments of public utilities.

FISCAL SUMMARY

ESTIMATED NET EFFECT ON GENERAL REVENUE FUND			
FUND AFFECTED	FY 2024	FY 2025	FY 2026
General Revenue*	\$0 to (Unknown)	\$0 to (Unknown)	\$0 to (Unknown)
Total Estimated Net Effect on General Revenue	\$0 to (Unknown)	\$0 to (Unknown)	\$0 to (Unknown)

*This bill could increase utility costs to state departments, colleges and universities and/or local governments if rate changes are made as a result of these new standards; however, Oversight assumes the potential increase would not reach the \$250,000 threshold each year.

FISCAL ANALYSIS

ASSUMPTION

Section 393.1750 – Workforce Development Investments Provisions

Oversight assumes this proposal requires the Public Service Commission to permit electrical corporations and gas corporations to recover workforce development investments.

Officials from the **Office of Administration - Facilities Management, Design and Construction (FMDC)** assume that there would be a fiscal impact to the State's utility costs authorizing electrical and gas corporations to recover their workforce development investments. However, without more information FMDC is unable to calculate the impact this would have on its utility costs which would result in a \$0 to Unknown negative impact.

Oversight assumes this proposal could possibly increase utility cost for the Office of Administration as well as other state agencies and local governments. Since it is unknown if this rate increase will occur, Oversight will reflect a range from \$0 (utility rates will not be increased materially) to an unknown cost to the state and local political subdivisions for higher utility costs. However, Oversight assumes any potential increase in utility cost would be under \$250,000 in any given fiscal year.

Officials from the **Department of Commerce and Insurance**, the **Department of Natural Resources**, the **Missouri Department of Conservation**, the **Missouri Department of Transportation** and the **University of Central Missouri** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other schools, charter schools, colleges and universities were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

FISCAL IMPACT – Small Business

Small businesses could have an increase in utility cost as a result of this proposal.

FISCAL DESCRIPTION

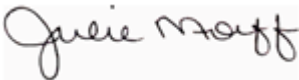

This act requires the Public Service Commission to permit electrical corporations and gas corporations to recover workforce development investments, as such term is defined in the act.

An electrical or gas corporation shall be entitled to defer to a regulatory asset such corporation's workforce development investments made between August 28, 2023, and December 31, 2033, up to .55% of the corporation's total operating revenues as reported to the Commission for calendar year 2022.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
