**FISCAL NOTE**

L.R. No.: 0893S.01I  
 Bill No.: SB 69  
 Subject: Corporations; Economic Development; Department of Economic Development;  
 Office of Administration  
 Type: Original  
 Date: January 22, 2023

Bill Summary: The proposal establishes provisions relating to the promotion of business development.

**FISCAL SUMMARY**

<b>ESTIMATED NET EFFECT ON GENERAL REVENUE FUND</b>			
FUND AFFECTED	FY 2024	FY 2025	FY 2026
General Revenue Fund*	Unknown to Could exceed (\$369,054)	Unknown to Could Exceed (\$372,145)	Unknown to Could Exceed (\$378,500)
<b>Total Estimated Net Effect on General Revenue</b>	<b>Unknown to Could exceed (\$369,054)</b>	<b>Unknown to Could Exceed (\$372,145)</b>	<b>Unknown to Could Exceed (\$378,500)</b>

\*Oversight notes that this proposal provides for waiving of regulations (depending upon sandbox participants) potentially resulting in a loss to general revenue, various state funds, and to local political subdivisions. Additionally, this proposal may require department FTE for DED under Section (s) 620.3800 "Office of Entrepreneurship", and 620.3900 Regulatory Sandbox that could potentially result in an impact to the General Revenue. Lastly, the positive amount shown represents payment for application fees (\$300) which must be paid on order to participate in the Sandbox program.

<b>ESTIMATED NET EFFECT ON OTHER STATE FUNDS</b>

## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Economic Development (DED)** assume:

620.3800. Creates within DED the "Office of Entrepreneurship".

DED is responsible for administering the "Office of Entrepreneurship" and shall employ an individual to promote policies and initiatives to support the growth of entrepreneurship in the state. The Office of Entrepreneurship is also responsible for preparing a report for the general assembly making recommendations on improving access and resources for new Missouri businesses that have been in operation for less than three years. DED will need 1.0 FTE to administer the Office of Entrepreneurship.

Section 620.3900 creates the Regulatory Sandbox Act.

Section 620.3905.1 states that the regulatory relief office will be administered by a sandbox program director. DED has estimated personal service costs by taking a mid-range salary of a typical Program Director (Designated Principal Assistant) at DED who oversees an office but does not supervise staff. DED also believes additional review (e.g., reviews of state laws) would require a legal counsel FTE. If DED determines that additional staff are needed to administer the sandbox program, DED will request additional FTE through the normal budget process.

**Oversight** notes that DED assumes the proposal will have a direct fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, **Oversight** will reflect DED's FTE costs for Division Program Director at \$80,000 and a Legal Counsel at \$62,508 annually to fulfill compliance under Section 620.3900 and 1 FTE Economic Development Specialist at \$74,666 annually under Section 620.3800, in the fiscal note.

In response to the similar proposal, SB 3 - 2023, **Office of Administration – Budget & Planning** noted:

An applicant shall remit to the regulatory relief office an application fee of three hundred dollars (\$300) per application for each innovative offering. It is not specified in the bill where this money will be deposited, therefore B&P assumes it will be GR. This will have an unknown positive impact on GR and TSR.

This bill would also provide that during the demonstration period, a sandbox participant shall not be subject to the enforcement of state laws or regulations identified in the written agreement between the regulatory relief office and the sandbox participant. There is not enough information on what laws or regulations may be waived or what impact the waiver will have on TSR.

**Oversight** notes that an applicant shall remit to the regulatory relief office an application fee of \$300 per application for each innovative offering. Therefore, Oversight will reflect a potential positive fiscal impact on State Funds for this application fee.

**Oversight**, for the purpose of this fiscal note, retrieved average patent filings in the State of Missouri to estimate how many entrepreneurs would potentially be participating in this pool. According to the [U.S. Patent and Trademark Office](#) – Patent Technology Monitoring Data (PTMT) there were on average 868 patents filed by Missourians annually between FY 2000 to FY 2015.

**Oversight** notes that the proposal assesses a \$300 fee that must be paid in order to participate in this program. Oversight assumes that the fee structure could potentially result in additional revenue of \$260,400 (\$300 x 868 potential innovative entrepreneurs). Therefore, for purpose of this fiscal note, **Oversight** will reflect a positive unknown amount to the General Revenue Fund

**Oversight** assumes that the fee paid to participate will be remitted to GR for purpose of this fiscal note, and as shown above the amounts collected could reach the \$250,000 threshold.

Officials from the **Office of Administration (OA)** note:

This bill also requires OA to file a report annually with the General Assembly about the number of contracts awarded to contractors who have been in business for less than 3 years. It is unknown from the bill language if this applies to contracts awarded after the bill goes into effect or if this will apply to all contracts that were in place even before the bill goes into effect. The answer to this questions helps us to understand the fiscal impact to the Division. If the answer is that this would apply to all contracts that were in place even before the bill goes into effect, this will require OA-Purchasing to examine each of its awarded contractors to determine how long they have been in business and to track such information in order to create the report. OA-Purchasing estimates that this will take approximately 1 hour per awarded contract. OA-Purchasing has over 2,000 contracts, they estimate that one hour per contract to obtain the information and log so for a total of \$43,269.23 (2000 hours x \$21.63 per hour).

For any newly awarded contracts after the bill goes into effect, OA-Purchasing assumes it will also need to update its bid/contract forms in order to gather necessary information from contractors and update its internal policies and procedures to sets standards about how this determination will be made. OA-Purchasing estimates that it will take approximately 200 hours of initial work to develop and implement these changes at a cost of (200 x \$38.20 per hour) \$7,640 and then 200 hours each year thereafter to track and maintain the information for the annual report to the General Assembly .

However, clarity is needed on the following items to determine level of fiscal impact:

1. Does this apply only to contracts awarded under Chapter 34 authority by the Office of Administration, Division of Purchasing or does this also apply to all departments making purchases under Chapter 34 authority including those purchases under the no bid limit or within

the departments delegated procurement authority? Each department retains records for their purchases rather than OA having those records.

2. Is the age of the company only relevant at time of contracting or if the contract continues for multiple years and the contractor becomes more than 3 years old, does the OA stop counting them as a 3 or less years old contractor for reporting purposes?

3. Is the age of the company determined by their Articles of Incorporation on file with SOS?

DOP - This bill appears to establish the Office of Entrepreneurship within the Department of Economic Development. It is assumed that the Office of Administration -Division of Personnel's team members would be required to provide assistance in establishing the new division.

The fiscal impact of this bill is determined by the total number of hours estimated (10 hours) multiplied by the average salary of Division of Personnel team members (\$30.40) plus the added cost to update MoCareers, the State's centralized application platform (\$300.00). Therefore, the total fiscal impact would be \$604.00.

**Oversight** notes that OA assumes the proposal will require additional workforce to prepare annual reports with the General Assembly on contracts awarded to new businesses under Section 34.195. Officials from the OA assume the proposal will have a fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect OA's estimated impact in the fiscal note.

Officials from the **Department of Revenue (DOR)** note:

#### Section 34.195 Right To Start Act

This requires the Commissioner of the Office of Administration to file annual reports with the general assembly on contracts awarded to new businesses. This will not fiscally impact the Department.

#### Section 620.3800 Office of Entrepreneurship

This creates the Office of Entrepreneurship. This will not fiscally impact the Department.

#### Section 620.3900 – 620.3930 Regulatory Sandbox Act

The proposal would create a new government entity, the “regulatory relief office,” which may enter into agreements to essentially waive the requirements of Missouri’s statutes and regulations on certain participating businesses. This office is allowed to make suggestions as to which state laws and regulations are burdensome, but does not define burdensome. This is concerning for DOR as most people would consider taxes burdensome. Depending on the laws waived this

could result in increased costs to DOR for tracking these participants and changes to the DOR individual income tax system. These computer changes are estimated at \$7,193.

The proposal directs the regulatory relief office to consult with applicable agencies, regarding the acceptance of the applicant in the sandbox and the agreement of rules to be waived. The agencies are asked to notify the Office if the applicable agency has previously investigated, sanctioned, or pursued legal action against the applicant. The Office is allowed to enter into agreement with the applicant to participate in the sandbox and have rules waived. The proposed legislation prohibits these agreements from exempting an applicant “from any income, property, or sales tax liability unless such applicant otherwise qualifies for an exemption from such tax.” This may require DOR to provide information for DOR relationships with a participating business to the regulatory relief office. Some of this information is currently protected under DOR's confidentially laws. At this time, DOR is unable to determine if there is additional costs from this provision.

This proposal says that the sandbox agreement cannot exempt an applicant from income, property or sales tax liability. Property tax is handled by the State Tax Commission. DOR has numerous other tax types besides the income tax and sales tax which could be exempted under this proposal. Examples include, withholding tax, tire and battery fee taxes, use taxes, marijuana taxes and more that do not appear protected under this proposal. Allowing participants in the program to not pay taxes will result in a loss of state and local revenue.

This proposal gives the regulatory relief office authority to waive state law and regulations. DOR is concerned this would result in filing deadlines being moved or changes for some filers and not others, or payments being waived. This would result in a negative fiscal impact to state and local revenue.

At this time, DOR is unable to estimate an exact fiscal impact from this proposal. DOR could possibly need additional FTE to work with the regulatory relief office depending on the number of participants, as well as have losses to state and local revenue if participants are allowed to not pay taxes.

Officials from the **Department of Labor and Industrial Relations (DOLIR)** assume the **proposal** under the Regulatory Sandbox Act provisions 620.3900 and specifically under 620.3915.5 (3) and .6 proposes requirements for applicable agencies to review applications and a timeframe to complete reporting regarding an application for participation in the Regulatory Sandbox program. Unknown impact however, there appears to be an impact to agencies that would be required to meeting the reporting requirements of this legislation.

Officials from the **Department of Commerce and Insurance (DCI)** assume the proposal will have an unknown impact to DCI depending on the number of businesses and individuals that would request to participate in the Sandbox Program.

Officials from the **Missouri Department of Agriculture (MDA)** assume the proposal, specifically Section 620.3905 (3) 2 could result in a loss of fee funds to the Missouri Department of agriculture. If fees are not required to be paid in accordance with current regulations, guidelines, and policies, the fee-fund revenue to the Department could substantially decrease. The fee funds support many FTE within MDA, in accordance with their respective divisions and the fees associated with such; the loss of fee funds could result in the need for reductions in staff due to unavailability of funding. This loss in fee-fund revenue will result in a need for general revenue to support these necessary positions across the state of Missouri.

Officials from the **Missouri Department of Conservation (MDC)** assume the proposal will have an unknown fiscal impact on their organization.

**Oversight** notes that the Conservation Sales Tax funds are derived from one-eighth of one percent sales and use tax pursuant to Article IV Section 43 (a) of the Missouri Constitution, thus MDC's sales taxes are constitutional mandates. Additionally, Oversight notes the Park, Soil, and Water Sales Tax funds are derived from the one-tenth of one percent sales and use tax pursuant to Article IV Section 47 (a) thus DNR's sales taxes are constitutional mandates.

**Oversight** notes officials from the DOR, the DOLIR, the MDA, and the MDC each assume the proposal would allow for selected companies, who participate in the Sandbox program, to receive relief from various taxes which would have an effect on General Revenue and Other State Funds. Additionally, the DOR assumes the need for additional FTE to ensure compliance with this proposal. **Oversight** does not have any information to the contrary. Therefore, **Oversight** will reflect a potential (\$0 or) unknown negative impact to the General Revenue and Other State Funds, as a result of reduction in a various tax revenues and potential FTE costs for various state agencies, in the fiscal note.

**Oversight** notes that there are few examples of various agency costs in similar Sandbox proposals filed in the States of Utah, Ohio, Nebraska, Nevada, and the Arizona. Each fiscal note addresses the difficulty of projecting any costs associated with the proposals. However, a recent fiscal note submitted to the Nebraska Legislature for consideration of similar bill LB 1127 ([Nebraska Sandbox proposal - 2022](#)) from various agencies claiming costs associated with the proposal, are provided in the [Table 1](#).

**Oversight** notes that the Missouri Sandbox proposal requires, among other duties, the Administrator to:

- Act as a Liaison between private businesses and agencies of the State
- Consult with each affected agency
- Establish Program to enable a person to obtain legal protections
- Review State Laws
- Create a framework for analyzing the risk level of the health, safety, and financial well-being of consumers
- Propose and enter into reciprocity agreements

- Enter into agreements with or adopt best practices of corresponding federal regulatory agencies and other states
- Create and maintain the Department’s website
- Create and submit annual reports to the governor and general assembly

**Oversight** notes that there are many other duties required from the Sandbox Office under this proposal. Therefore, it is probable that the agencies tasked with the regulatory implementation of this program, such as DOR or DED, will need additional FTE in order to provide the regulatory framework and compliance procedures for this Act.

**Oversight** notes that Missouri population is at least 3 times greater (6.6M – Missouri population / 1.94M –Nebraska Population) than that of Nebraska, thus the costs could potentially reach a higher level of expenditure in Missouri. Therefore, for purpose of this fiscal note, **Oversight** will note an unknown negative impact to the General Revenue and Other State Funds, which could potentially exceed \$250,000 in various FTE and forgone tax revenue costs to various state funds in the fiscal note.

In response to the similar version of the proposal, HB 2587 – 2022, officials from the **Office of the Governor (GOV)** assume the proposal adds to the governor’s current load of appointment duties. Individually, additional requirements should not fiscally impact the Office of the Governor. However, the cumulative impact of additional appointment duties across all enacted legislation may require additional resources for the Office of the Governor.

**Oversight** assumes GOV is provided with core funding to handle a certain amount of activity each year. Oversight assumes GOV could absorb the costs related to this proposal. If multiple

bills pass which require additional staffing and duties at substantial costs, GOV could request funding through the appropriation process.

In response to the similar proposal, HB 268 – 2023, officials from the **Missouri State Senate** assume the proposal will have a negative fiscal impact to the senate contingent appropriation to reimburse 2 senators for travel to meetings of the General Regulatory Sandbox Program Advisory Committee. Details are in the attached analysis. In summary, it will cost approximately \$281.60 per meeting.

**Oversight** notes the Missouri State Senate assumes no fiscal responsibility for the other committee members.

**Oversight** notes that the Missouri State Senate assumes the proposal will have a direct fiscal impact on their organization. **Oversight** assumes the impact to the SEN will not be material and therefore, will no reflect a negative fiscal impact in the fiscal note.

Officials from the **Department of Commerce and Insurance**, the **Department of Economic Development**, the **Department of Elementary and Secondary Education**, the **Department of Higher Education and Workforce Development**, the **Department of Health and Senior Services**, the **Department of Mental Health**, the **Department of Natural Resources**, the **Department of Corrections**, the **Department of Labor and Industrial Relations**, the **Department of Public Safety (Office of the Director, Capitol Police, Alcohol & Tobacco Control, Fire Safety, Gaming Commission, Missouri Highway Patrol, Missouri National Guard, State Emergency Management Agency and Veterans Commission)**, the **Department of Social Services**, the **Office of the Lieutenant Governor**, the **Joint Committee on Administrative Rules**, the **Joint Committee on Public Employee Retirement**, the **Missouri Lottery Commission**, the **Missouri Consolidated Health Care Plan**, the **Department of Agriculture**, the **Missouri Department of Conservation**, the **Missouri Ethics Commission**, the **Missouri House of Representatives**, the **Department of Transportation**, the **Office of Prosecution Services**, the **Office of Administration (Administrative Hearing Commission**, the **Office of the State Courts Administrator**, the **Office of the State Auditor**, the **Office of the Secretary of State**, the **Office of the State Public Defender**, the **Office of the State Treasurer** and the **State Tax Commission** each assume the proposal will have no fiscal impact on their respective organizations.

**Oversight** does not have any information to the contrary. Therefore, **Oversight** will reflect a zero impact in the fiscal note for these agencies.

Officials from the **City of Kansas City**, and the **City of Springfield** both assume this proposal would not have a direct fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, **Oversight** will reflect a zero impact in the fiscal note for these local political subdivisions.

**Oversight** notes many counties and cities assess sales or use taxes on the sale of goods in Missouri. The tax remitted to various local political subdivisions serves the local political subdivisions needs. DOR assumes the companies could receive relief from various taxes. DOR noted that the bill forbids exemption from income tax, sales taxes or property taxes. However, the local political subdivisions impose other taxes. Therefore, **Oversight** will note a potential unknown negative impact to the local political subdivision funds in the fiscal note, depending upon sandbox participants and applications.

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

### FISCAL IMPACT – Small Business

Small businesses, who will participate in the Sandbox program, will be able to receive potential tax reductions resulting in revenue gains.

### FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

### RIGHT-TO-START ACT

By no later than June 30, 2025, and annually thereafter, this act requires the Commissioner of Administration to file a report with the General Assembly that includes information on contracts awarded to businesses that have been in operation for less than three years, as described in the act.

This act also requires the Commissioner of Administration, in conjunction with the Office of Entrepreneurship, which is established by the act, to file a report with the General Assembly making recommendations on improving access and resources for new Missouri businesses that have been in operation for less than three years, including minority-owned businesses. (Section 34.195)

### OFFICE OF ENTREPRENEURSHIP

This act creates the Office of Entrepreneurship within the Department of Economic Development. The Office shall employ an individual to promote policies and initiatives to support the growth of entrepreneurship, including minority entrepreneurship, in this state. (Section 620.3800)

### REGULATORY SANDBOX ACT

This act establishes the "Regulatory Sandbox Act", which creates the Regulatory Relief Office within the Department of Economic Development. The Regulatory Relief Office shall administer the provisions of the act with the purpose of identifying state laws or regulations that could potentially be waived or suspended for participating businesses during a two-year period in which the participating business demonstrates an innovative product offering to consumers. The Regulatory Relief Office shall maintain a web page on the Department's website that invites residents and businesses to make suggestions regarding laws and regulations that could be modified or eliminated to reduce the regulatory burden of residents and businesses in the state. (Section 620.3905)

The Regulatory Relief Office shall be responsible for evaluating and approving or denying applications to participate in the Sandbox Program. An applicant shall submit an application

along with a \$300 application fee to the Regulatory Relief Office, which shall include contact information and a description of the innovative offering to be demonstrated, including statements regarding how the innovative offering is subject to licensing, legal prohibition, or other authorization requirements outside of the Sandbox Program; each law or regulation that the applicant seeks to have waived or suspended while participating in the Sandbox Program; how the innovative offering would benefit consumers; and what risks might exist for consumers who use or purchase the innovative offering, as described in the act.

No later than fifteen business days after the day on which a completed application is received by the Regulatory Relief Office, the Office shall review the application and refer the application to each applicable agency, as defined in the act that regulates the applicant's business. No later than forty-five days after the day on which an applicable agency receives a completed application for review, the applicable agency shall provide a written report to the Sandbox Program director with the applicable agency's findings, including any identifiable, likely, and significant harm to the health, safety, or financial well-being of consumers that the relevant law or regulation protects against, and a recommendation to the Regulatory Relief Office that the applicant either be admitted or denied entrance into the Sandbox Program. An applicable agency may deny an application for reasons described in the act. The Regulatory Relief Office shall not approve any application denied by an applicable agency. (Section 620.3915)

Upon the receipt of a report from all applicable agencies, the Regulatory Relief Office shall provide the application and associated reports to the General Regulatory Sandbox Program Advisory Committee, which is created by the act. The Advisory Committee shall be composed of eleven members, as described in the act. The Advisory Committee shall advise and make recommendations to the Regulatory Relief Office on whether to approve applications to the Sandbox Program, and may meet at its own discretion to override a decision of the Regulatory Relief Office on the admission or denial of an applicant to the Sandbox Program, provided such override is decided with a two-thirds majority vote of the members of the Advisory Committee, and further provided that such vote shall be taken within fifteen business days of the Regulatory Relief Office's decision. Meetings of the Advisory Committee shall not be considered public meetings for the purposes of the Sunshine Law. (Section 620.3910)

Upon approval of an application, a sandbox participant shall have twenty-four months after the day on which its application was approved to demonstrate the innovative offering described in the sandbox participant's application. During such period, the sandbox participant shall be exempt from the laws and regulations outlined in an agreement entered into with the Regulatory Relief Office. Innovative offerings shall only be available to consumers who are residents of this state, and no law or regulation shall be waived or suspended if such waiver or suspension would prevent a consumer from seeking restitution in the event that the consumer is harmed. A sandbox participant shall not be subject to prosecution or administrative penalty for a violation of any law or regulation that is waived or suspended during the duration of the participant's demonstration period. (Section 620.3920)

Prior to demonstrating an innovative offering, a sandbox participant shall disclose certain information to consumers, as described in the act. (Section 620.3925)

At least forty-five days prior to the end of a participant's demonstration period, the participant shall notify the Regulatory Relief Office that it either intends to exit the Sandbox Program or that it seeks an extension. The Regulatory Relief Office may grant an extension not to exceed twelve months, and a participant may seek multiple extensions. If a demonstration includes an innovative offering that requires ongoing services or duties beyond the two-year demonstration period, the participant may continue to demonstrate the offering, but shall be subject to all laws and regulations that were waived or suspended as part of the Sandbox Program.

A sandbox participant shall retain certain records for a period of two years after exiting the Sandbox Program.

The Regulatory Relief Office shall establish quarterly reporting requirements for each participant, and each participant shall notify the Regulatory Relief Office and each applicable agency of any incidents that result in harm to the health, safety, or financial well-being of a consumer.

No later than forty-five days after a sandbox participant exits the Sandbox Program, such participant shall submit a written report describing an overview of the demonstration. No later than thirty days after receiving such report, an applicable agency shall provide a written report to the Regulatory Relief Office that describes any statutory or regulatory reform the applicable agency recommends. (Section 620.3930)
