FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Elementary and Secondary Education** assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Officials from **Department of Labor and Industrial Relations (DOLIR)** state it is assumed that the Missouri Commission on Human Rights (MCHR) could absorb the increase in complaints with existing resources. However, if the number of additional cases was significant or additional legislation was enacted which increased other types of MCHR complaints, the impact could be substantial enough that the MCHR could not absorb additional work without additional resources and would request such through the appropriations process.

Oversight assumes DOLIR-MCHR is provided with core funding to handle a certain amount of activity each year. Oversight assumes DOLIR could absorb the costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, DOLIR could request funding through the appropriation process.

In response to a similar proposal, HB 326 (2023), officials from the **Attorney General's Office** assumed the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note.

In response to a similar proposal, HB 1591, officials from the **Henry County R-1 School District** assumed the proposal will have no fiscal impact on their organization.

In response to a similar proposal, HB 503 (2021), officials from the **High Point R-III School District** assumed the proposal would have no fiscal impact on their organization.

Oversight does not anticipate a fiscal impact to school districts; however, Oversight received a limited number of responses from school districts related to the fiscal impact of this proposal. Oversight has presented this fiscal note on the best current information available. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other school districts were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.
