FISCAL ANALYSIS

ASSUMPTION

§§650.900 & 650.910 – Missouri Task Force on Nonprofit Safety and Security

Officials from the **Department of Public Safety (DPS) – Director’s Office (DO)** state one (1) FTE (Grants Officer, \$54,008 annually) is needed for the administration and management of grant related activities and to provide support to the task force.

DPS estimates a total fiscal impact to the General Revenue Fund of \$79,657 for FY 2025; \$92,584 for FY 2026 and \$94,124 for FY 2027.

Oversight also notes the provisions of §650.910.1 establishes the Supplemental Nonprofit Safety and Security Fund. This fund is to consist of moneys collected under this section and §650.900. §650.910.3 provides that nonprofit organizations whose applications for funding through the Federal Emergency Management Agency’s (FEMA) nonprofit security grant program have been approved by the DPS Office of Homeland Security are eligible for grants from the fund. No additional application is required for grants from the fund and an application for a grant from the federal program is also an application for funding from the fund. An eligible organization may receive a grant for up to five percent (5%) of the funds available in the grant pool for that distribution. In addition, no more than five percent (5%) of the available funds available annually shall be used for administrative expenses associated with the fund. Oversight assumes the DPS would need 1 FTE Grants Officer to track and administer the grant program.

Oversight will reflect the possibility that the General Assembly could appropriate moneys to this new fund from the General Revenue Fund. Oversight assumes all appropriated moneys, if any, will be expended in the same year.

Officials from the **Office of the Governor (GOV)** state this bill adds to the Governor’s current load of appointment duties. Individually, additional requirements should not fiscally impact the Office of the Governor. However, the cumulative impact of additional appointment duties across all enacted legislation may require additional resources for the Office of the Governor.

Oversight does not have any information to the contrary. Therefore, Oversight will reflect no fiscal impact for this agency.

Officials from the **Department of Public Safety - Missouri Highway Patrol** and the **Office of the State Treasurer** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

For informational purposes, **Oversight** notes on the Missouri DPS website, regarding availability for the FY 2018 Nonprofit Security Grant Program of \$200,000 had the description:

"The Missouri Department of Public Safety, Office of Homeland Security is seeking applications for the 2018 Fiscal Year Nonprofit Security Grant Program - State (NSGP-S) from eligible nonprofit organizations. The grant promotes emergency preparedness coordination and collaboration activities between public and private community representatives as well as state and local government agencies.

Churches, mosques and synagogues are among those eligible to apply for the competitive grants. The maximum grant award to an approved grantee is \$75,000. A total of only \$200,000 is available for the state of Missouri, excluding the St. Louis metropolitan area, which is eligible for funding through a separate federal grant program."

Oversight also notes according to FEMA's website, the 2023 federal funding available for the Nonprofit Security Grant Program (NSGP) is \$305 million (\$250.15 million was available in FY 2022 and \$180 million was available in FY 2021):

- Nonprofit Security Grant Program – Urban Areas (UA) - \$152.5 million;
- Nonprofit Security Grant Program – State - \$152.5 million

Missouri's allocation of the \$305 million is

- Nonprofit Security Grant Program – UA - \$2,219,088;
- Nonprofit Security Grant Program – State - \$2,996,042

Oversight notes the provisions of this proposal have an emergency clause.
