FISCAL ANALYSIS

ASSUMPTION

§§50.327 & 58.095 – Compensation for County Coroners and Salary Schedules for 3rd Class Counties

Oversight assumes §\$50.327 & 58.095 state the county commission is responsible for determining the salary for the county coroner in non-charter counties. Section 58.095 contains the base schedule of salaries as determined by the assessed valuation of the county. Section 50.327 adds an additional salary increase of up to \$14,000 on top of the base schedule if approved by the county commission. Oversight is unclear of how much each county coroner receives in salary. However, there are 109 non-charter counties that could be considered for the additional funds in section 58.095 (if approved by the appropriate county commission). Oversight assumes if all of these counties approved the \$14,000 increase, this could be up to \$1,526,000 in increased salaries for coroners. However, Oversight assumes no increase coroner's salaries would take place without the approval by the county commission. Therefore, Oversight will assume a cost of \$0 (no salary increases) or up to \$1,526,000 (salary increases approved in every non-charter county) for coroners for this proposal.

Oversight also notes in §50.327.4 relates to the following 3rd class counties and their assessed valuations as of the 2023 tax year that are greater than the three hundred million dollars:

Oversight notes the proposal does not specify how the base schedules should be amended for the computation of salaries for 3rd class county positions. Currently, the base salary for each of the positions in this section are as follows:

§57.317 – Sheriff Salaries – Boone County

Oversight notes county commissions were asked to respond to Oversight's request for fiscal impact, but did not provide any information. Oversight notes this proposal pertains to the Boone County Sheriff's salary. Oversight assumes this does not place a limitation on the salary of the Boone County Sheriff and, therefore, there could be a potential increase from the salary that would be higher than what current statute dictates. Because Oversight is unclear on how much of an increase could be received by the Boone County Sheriff, Oversight will assume a \$0 or unknown cost to the Boone County Sheriff's Office.

§473.742 – Salaries of Public Administrators

Oversight also notes that, currently, an incoming public administrator may elect to receive a salary or receive fees as may be allowed by law. Under terms of this proposal every public administrator beginning a first term on or after January 1, 2024, shall be deemed to have elected to receive a salary as provided in this section. Oversight assumes this proposal would potentially increase the salaries in 2nd, 3rd and 4th class counties based on assessed valuation. Oversight took the highest salary cap at 39 letters opened of \$25,000 and calculated the difference in salary that would be increased based on the assessed valuation in the chart below. Using the Total Assessed Valuation by County from the 2023 tax year from the State Tax Commission, Oversight also organized the 2nd, 3rd, and 4th class counties into salary classifications based on the assessed valuation. From this chart, Oversight assumes there could be salary increases collectively exceeding \$1,790,500. Adding additional payroll taxes and workers' compensation would yield

L.R. No. 5193S.04I Bill No. SB 1363 Page **6** of **9** February 11, 2024

a potential cost that could exceed \$2,005,539 and Oversight will reflect this amount in the fiscal note for this proposal.

Bill as a Whole

Officials from the Department of Commerce and Insurance, the Office of the State Auditor, the Department of Economic Development, the Department of Health and Senior Services, the Department of Social Services, the Christian County Auditor's Office, the Phelps County Sheriff's Office, the County Employees Retirement Fund, the Office of the State Courts Administrator and the State Tax Commission each assume the proposal will have no fiscal impact on their respective organizations. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight does not have any information to the contrary in §58.200. Should the sheriff's position become vacant and the county coroner becomes acting sheriff until the position is filled, the salary of the coroner should be increased by the difference between the sheriff's salary and the coroner's salary. Oversight assumes this would occur on an infrequent basis and would have a minimal fiscal impact on counties. Therefore, Oversight will reflect a zero impact in the fiscal note for this section.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other cities, counties, county recorders, auditors, collectors, treasurers, public administrators and sheriffs were requested to respond to this proposed legislation but did not. FISCAL DESCRIPTION

This act amends the sections of law which was declared unconstitutional in Byrd, et al. v. State of Missouri, et al.

COMPENSATION FOR COUNTY CORONERS (Sections 50.327, 58.095, & 58.200)

This act provides that the salary of a coroner in a noncharter county may be set as a base schedule as provided by law subject to an increase up to \$14,000 upon the majority approval of the salary commission.

Additionally, under current law, when the office of the sheriff is vacant, the county coroner is authorized to perform all the duties of the sheriff, until another sheriff is appointed.

This act provides that if the coroner becomes acting sheriff and the sheriff is no longer receiving the sheriff's salary, the coroner may be paid, in addition to the coroner's salary, the difference between the salaries of the sheriff and coroner so that the coroner receives the equivalent of the sheriff's salary while serving as acting sheriff.

BASE SALARY SCHEDULES FOR THIRD CLASS COUNTIES (Section 50.327)

This act provides that the salary commission of any third class county may amend the base salary schedules as provided by law for the computation of salaries for county officials to include assessed valuation factors in excess of \$300 million dollars; provided that the percentage of any adjustments shall be equal for all county officials in that county.

COUNTY AUDITORS (Section 55.160)

This act provides that, upon request, a county auditor in certain counties shall have access to and the ability to audit and examine claims of every kind and character for which a county officer has a fiduciary duty.

BOONE COUNTY SHERIFF (Section 57.317)

Under current law, first and second class county sheriffs shall receive salaries equal to 80% of the compensation of associate circuit judges of the county. This act excludes sheriffs in Boone County.

<u>AUCTIONS FOR LAND WITH DELINQUENT PROPERTY TAXES (Sections 140.170 & 140.190)</u>

This act allows a county collector to hold an auction of lands with delinquent property taxes through electronic media at the same time as said auction is held in-person.

SALARIES OF COUNTY PUBLIC ADMINISTRATORS (Section 473.742)

Currently, if a public administrator of a second, third, or fourth class county or of the City of St. Louis elects to be placed on salary, the salary is determined by a schedule based on the average number of open letters in the two years preceding the term in which the salary is elected. This act provides that every public administrator who begins his or her term on or after January 1, 2024,

L.R. No. 5193S.04I Bill No. SB 1363 Page **9** of **9** February 11, 2024

shall be deemed to have elected to receive such salary. This act also provides that a letter of guardianship and a letter of conservatorship shall be counted as separate letters. Additionally, it shall be two letters if the public administrator is appointed by the court as both a guardian and a conservator to the same ward or protectee.

Furthermore, this act provides that upon majority approval by the salary commission, a public administrator may be paid according to the assessed valuation schedule set forth in the act. If the salary commission elects to pay a public administrator according to the assessed valuation schedule, the salary commission shall not elect to change at any future time to pay the public administrator according to the average number of open letters in lieu of paying them according to the assessed valuation schedule.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
