FISCAL SUMMARY

ESTIMATED NET EFFECT ON GENERAL REVENUE FUND			
FUND AFFECTED	FY 2026	FY 2027	FY 2028
General Revenue*	\$0 or Unknown	\$0 or Unknown	\$0 or Unknown
Total Estimated Net Effect on General Revenue	\$0 or Unknown	\$0 or Unknown	\$0 or Unknown

*The fiscal note reflects the potential withholding of funds from public schools and institutions of higher education if the financial penalty provisions of the bill are enacted. Oversight is uncertain how many schools may be non-compliant; therefore, Oversight assumes this gain to General Revenue could exceed the \$250,000 threshold.

FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Elementary and Secondary Education** and the **Department of Higher Education and Workforce Development** both assume the proposal will have no fiscal impact on their respective organizations.

Oversight notes Section 163.048.6 states a private school, public school district, public charter school, or public or private institution of postsecondary education that violates subdivision (1) of subsection 3 of this section or subsection 4 of this section shall not receive any state aid under this chapter or chapter 173 or any other revenues from the state. Oversight will show a range of impact of \$0 (no violations) to an unknown savings to General Revenue and an unknown loss to school districts, charter schools and colleges. Oversight assumes this savings (from potential funding withholds) to General Revenue could exceed \$250,000.

Officials from the **University of Central Missouri** and **Northwest Missouri State University** both assume the proposal will have no fiscal impact on their organizations.

In response to similar legislation, SB 1440 (2024), officials from the **Missouri State University** assumed the proposal will have no fiscal impact on their organizations.

Oversight notes Section 163.048.7 states the parent or guardian of any student, or any student who is over eighteen years old, who is deprived of an athletic opportunity as a result of a violation of the act shall have a cause of action for injunctive or other equitable relief as described in the act. Therefore, Oversight will show a range of impact of \$0 (no violations) to an unknown cost to school districts for attorney fees and other legal costs.

Oversight assumes there could be a loss to public schools, colleges and universities that fail to comply with the requirements in the proposal. The penalty would be any moneys appropriated by the general assembly. Based on the amounts appropriated, Oversight assumes the loss could exceed \$250,000.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet

these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.
