## FISCAL ANALYSIS

### ASSUMPTION

#### §§488.040 & 494.455 – Compensation of Jurors

Officials from the **Office of the State Courts Administrator (OSCA)** state the proposed legislation modifies provisions relating to the compensation of jurors. Section 494.455 states that in any county, or city not within a county, upon adoption by a majority vote of the governing body, no grand or petit juror shall receive compensation for the first two days of service but shall receive fifty dollars per day for the third day and each subsequent day he or she may serve. These funds are to be paid by the county. It is unknown how many counties will participate and the increase may result in an unknown cost or savings to the state or county. Section 494.455 also ties the juror mileage rate to the mileage rate as provided by law for state employees (rather than seven cents per mile).

**Oversight** has no information to the contrary. Oversight assumes the (Unknown) to Unknown impact will be less than \$250,000 annually.

Officials from the **Department of Labor and Industrial Relations**, the **Office of Administration**, the **City of Kansas City** and the **City of O’Fallon** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

**Oversight** notes §488.040 is removing language and clarifying the statute to follow the language in §494.455. Oversight notes the compensation for jurors will remain the same as outlined in §494.455, however, this proposal is increasing the mileage compensation from 7 cents per mile to the state employee rate as outlined in §33.095 (currently 65 ½ cents per mile). Because of the increased rate, Oversight will, therefore, reflect an unknown cost to circuit funds.

**Oversight** also notes subsection 3 is being removed in §494.455 and is adding clarifying language stating, “by majority vote, the governing body of a county or a city not within a county may adopt a system for juror compensation in a county or in a city not within a county” as follows: each grand or petit juror shall receive \$50 per day starting on the third day and each subsequent day of actual service plus the mileage rate per §33.095 for a state employee provided that no compensation for the first two days is received. Oversight is unsure how many county circuits would participate and if the increase in compensation would result in an unknown cost or savings to the state or county. Therefore, Oversight will reflect a \$0 (no adoption by governing body) or unknown cost or savings to General Revenue and county circuits for this proposal.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

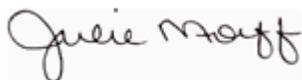

Currently, a juror shall receive seven cents per mile to and from his or her place of residence and the courthouse. This act modifies the mileage rate of jurors to the mileage rate of state employees, which is currently provided at sixty-five and half cents. Current law also provides that grand or petit jurors in certain counties, including in Clay and Greene, shall not receive compensation for the first two days of service, but shall receive fifty dollars with seven cents per

mile for the third and any subsequent days that the juror actually serves. This act provides that the governing body of the county or the City of St. Louis may adopt a system of juror compensation that provides grand or petit jurors to receive no compensation on the first two days of actual service, but receive fifty dollars with the state employee mileage rate for the third and any subsequent days of actual service.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
