FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Elementary and Secondary Education (DESE)** assume the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note.

Oversight notes it is also difficult to determine how many schools will need to make acceptable accommodations that include but are not limited to shower rooms, locker rooms, or restrooms designated for use by students. Oversight is uncertain if any school facilities would require improvements; therefore, Oversight will show a range of impact of \$0 (no improvements required) to an unknown cost (improvements required) on the fiscal note for school districts.

Oversight received no responses from school districts related to the fiscal impact of this proposal. Oversight has presented this fiscal note on the best current information available. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek approval to publish a new fiscal note.

Oversight only reflects the responses received from state agencies and political subdivisions; however, school districts were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This act requires that all public school shower rooms, locker rooms, and restrooms accessible for use by multiple students shall be designated for and used by male or female students only. The act provides for the best available accommodations for any student who asserts that his or her gender differs from his or her biological sex. Such accommodations may include, but are not limited to, controlled use of faculty shower rooms, locker rooms, or restrooms, or access to single-stall and unisex restrooms.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
