FISCAL ANALYSIS

ASSUMPTION

§43.505 – Law enforcement to collect information on immigration status of offenders

Officials from the **Department of Public Safety (DPS) - Missouri Highway Patrol (MHP or Patrol)** state the proposed changes to §43.505.2(2) would require modifications to the Crime Insight website that accepts and stores Missouri Incident Based Reporting System (MIBRS) information, in addition to updates to the MIBRS technical specifications for the system to accept the new data elements outlined in this proposal. To implement this type of data collection immediately, a manual entry option will need to be established. The Patrol MIBRS system is a vendor supported system and the estimated cost for these modifications is between \$30,000-\$40,000. The vendor cost is an estimate and may be adjusted based on the final scope of the project. Costs would be against General Revenue.

Oversight has no information to the contrary. Therefore, Oversight will present the fiscal impact of this proposal as provided by DPS-MHP.

Officials from the **Attorney General's Office (AGO)** assume any potential litigation costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation costs.

Oversight does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the AGO for fiscal note purposes.

Officials from the **Department of Natural Resources, the DPS – Capitol Police and Director's Office, the Department of Social Services, the Missouri Department of Conservation, the Phelps County Sheriff, the Kansas City Police Department and the St. Louis County Police Department** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other local law enforcement agencies were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.
