FISCAL ANALYSIS

ASSUMPTION

§ 192.021 - Public health services

Officials from the **Department of Health and Senior Services (DHSS)** state § 192.021.1 authorizes the Department to contract with the Missouri affiliate of the National Network of Public Health Institutes. § 192.021.2 requires an annual report of any grants made.

It is assumed that the Department can absorb the costs of this bill with current resources. However, if the workload significantly increased or other legislation was enacted, additional resources would be requested through the appropriation process.

Oversight does not have any information to the contrary. Therefore, Oversight assumes the DHSS will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the DHSS for fiscal note purposes.

Officials from the **Office of Administration** defer to the Missouri Consolidated Health Care Plan for the potential fiscal impact of this proposal.

Officials from the **Missouri Consolidated Health Care Plan** assume the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
