FISCAL ANALYSIS

ASSUMPTION

§34.750 – Firearms Discrimination

Officials from the - **Office of Administration - Purchasing (OA - Purchasing)** state the proposed legislation will require OA - Purchasing to include bid language and exhibits for a vendor to self-certify/attest that the vendor does not discriminate against firearms manufacturers to ensure that contracts are not awarded to such entities so that subsequent expenditures under the contract are not made to such entities. It is possible that the restrictions on companies may cause certain vendors to be unable to be a contractor or do business with Missouri.

OA - Purchasing believes that the impact of this bill is less than \$10,000. However, until the FY27 budget is finalized, specific funding sources cannot be identified.

At this time, it is believed that the additional staff time and resources can be absorbed. However, if there are multiple pieces of legislation passed where OA - Purchasing has responded that the costs can be absorbed, OA - Purchasing would need to reevaluate to see if additional staff and associated expenses would then be required.

Oversight assumes OA – Purchasing could absorb the costs related to this proposal. However, if multiple bills pass which require additional staffing and duties at substantial costs, OA - Purchasing could request funding through the appropriation process.

Officials from the **Department of Natural Resources, Missouri Department of Conservation, Missouri Department of Transportation, Missouri National Guard, City of Kansas City, and City of O’Fallon** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the

office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other cities and schools were requested to respond to this proposed legislation but did not. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note. A general listing of political subdivisions included in our database is available upon request.

<u>FISCAL IMPACT – State Government</u>	FY 2027 (10 Mo.)	FY 2028	FY 2029

<u>FISCAL IMPACT – Local Government</u>	FY 2027 (10 Mo.)	FY 2028	FY 2029

FISCAL IMPACT – Small Business

No direct fiscal impact on small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
