FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the Secretary of the State (SOS)** assume, each year, a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, joint resolutions proposing a constitutional amendment are submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a joint resolution to a vote of the people, Section 115.063.2, RSMo., requires the state to pay the costs. The cost of a special election has been estimated to be \$9 million based on the cost of past primary and general election reimbursements.

The Secretary of State's office is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. Funding for this item is adjusted each year depending upon the election cycle. A new decision item is requested in odd numbered fiscal years and the amount requested is dependent upon the estimated number of ballot measures that will be approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2014, the General Assembly changed the appropriation so that it was no longer an estimated appropriation.

For the FY27 publication cycle, the SOS estimates publication costs at \$515,000 per ballot measure. This amount is an average and will be subject to change based on the number of petitions received, length of those petitions, and rates charged by newspaper publishers. In a year where many lengthy measures must be published, the Secretary of State's Office may need to budget up to \$10,000,000 to ensure sufficient funding is available to meet its constitutional obligations for the election cycle.

The Secretary of State's office will continue to assume, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. Because these requirements are mandatory, the SOS reserves the right to request funding to meet the cost of their publishing requirements if the Governor and the General Assembly again change the amount or continue to not designate it as an estimated appropriation.

Oversight has reflected, in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2027. This reflects the decision made by the Joint Committee on Legislative Research that the cost of the elections should be shown in the fiscal note. Per the SOS, the cost is estimated at \$9 million based on past costs as well as the anticipation of significant increases in future

election-related expenses. The next scheduled statewide general election is in November 2026 (FY 2027). It is assumed the subject within this proposal could be on this ballot; however, it could also be on a special election called for by the Governor (a different date). Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2027.

Officials from the **Missouri Senate** and **Missouri House of Representatives** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.
