## FISCAL ANALYSIS

### ASSUMPTION

#### §334.730 - Licensure Compact for Athletic Trainers

Officials from the **Department of Commerce and Insurance (DCI)** assume this legislation creates the Athletic Trainer Compact expanding mobility of the Athletic Trainer practice and improving public access to services provided by qualified licensed Athletic Trainers. Once the compact is enacted the Athletic Trainer Advisory Committee could be required to pay fees charged to member states including an annual assessment to cover costs of operations and activities of the compact commission. Similar legislation has not been passed in other states to assist with assumptions, nor can the department know the number of participants in such a compact within Missouri.

The department believes the costs of this bill can be absorbed within current appropriations. However, should the cost exceed the anticipated amount, the department would request an increase to FTE and/or appropriations as appropriate through the budget process.

**Oversight** notes that the above-mentioned agency has stated the cost of the proposal can be absorbed. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

#### Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

<u>FISCAL IMPACT – State Government</u>	FY 2027 (10 Mo.)	FY 2028	FY 2029
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT – Local Government</u>	FY 2027 (10 Mo.)	FY 2028	FY 2029
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT – Small Business

Athletic Trainer businesses could have a direct fiscal impact by creating a compact as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
