FISCAL ANALYSIS

ASSUMPTION

§§34.069 & 34.074 - Veteran Preferences for Contracts

Officials from the **Office of Administration - Facilities Management, Design and Construction (OA-FMDC)** assume the proposed legislation will require OA-FMDC to include bid language and create procedures around evaluation and monitoring of the preference points.

OA-FMDC believes that the impact of this bill for its implementation in OA-FMDC is less than \$10,000. However, until the FY27 budget is finalized, specific funding sources cannot be identified. At this time, it is believed that the additional staff time and resources can be absorbed by OA-FMDC. However, if there are multiple pieces of legislation passed where OA-FMDC has responded that the costs can be absorbed, OA-FMDC would need to reevaluate to see if additional staff and associated expenses would then be required.

Officials from the **Office of Administration – Purchasing Division (OA-Purchasing)** state the proposed legislation will require OA Purchasing to include bid language and create procedures around evaluation and monitoring of the preference points.

OA-Purchasing believes that the impact of this bill for its implementation in OA-Purchasing is less than \$10,000. However, until the FY27 budget is finalized, specific funding sources cannot be identified.

At this time, it is believed that the additional staff time and resources can be absorbed by OA-Purchasing. However, if there are multiple pieces of legislation passed where OA-Purchasing has responded that the costs can be absorbed, OA-Purchasing would need to reevaluate to see if additional staff and associated expenses would then be required.

Officials from the OA assume the cost of the proposal can be absorbed. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

Officials from the **Missouri Department of Conservation, Department of Natural Resources, Missouri Department of Transportation and Missouri National Guard** each assume the proposal will have no fiscal impact on their respective organizations.

Oversight notes that the above-mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.
