FISCAL ANALYSIS

ASSUMPTION

§§334.742 & 334.1800 - Physician Assistant Licensure Compact

Officials from the **Department of Commerce and Insurance (DCI)** assume the compact has passed in the minimum number of states. Current estimates are that compact privileges will be available in early 2026. The compact commission may levy an annual assessment on participating states and impose privilege fees on licensees. Once the compact is enacted the Board of Registration for the Healing Arts could be required to pay fees charged to member states including an annual assessment to cover costs of operations and activities of the compact commission.

The department believes it can absorb the additional workload that would result from this legislation within existing appropriations and FTE. However, should the workload exceed expectations, the department would request an additional appropriation and/or FTE through the budget process to cover the increased costs.

Officials from the DCI assume the cost of the proposal can be absorbed. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

<u>FISCAL IMPACT – State Government</u>	FY 2027 (10 Mo.)	FY 2028	FY 2029
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT – Local Government</u>	FY 2027 (10 Mo.)	FY 2028	FY 2029
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT – Small Business

A direct fiscal impact on physician assistants could be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
