FISCAL ANALYSIS

ASSUMPTION

Officials from the **Secretary of State** assume this proposal would not fiscally or administratively impact their agency.

Officials from the **Department of Revenue (DOR)** stated this proposal would allow any person who has served in the Korean War to apply for special license plates for any motor vehicle other than an apportioned motor vehicle or commercial motor vehicle in excess of eighteen thousand pounds gross weight. Under the current law, only owners of passenger motor vehicles or owners of non-local property carrying commercial motor vehicles between 9001-12,000 pounds may apply for a Korean War Veteran license plate. This would have a minimal impact on the Department of Revenue and could be implemented with existing resources. The revenue generated from the additional \$15 fee would also have minimal impact.

Officials from the **Department of Transportation (DOT)** concurs with the Department of Revenue's response to this proposal.
