**FISCAL ANALYSIS**

**ASSUMPTION**

Officials from the **Department of Transportation** assume this proposal would not fiscally impact their agency.

**Department of Health (DOH)** officials state the proposed subsection 5 is also currently in law in section 701.304 (3). Therefore, DOH assumes not fiscal impact.

<u>FISCAL IMPACT - State Government</u>	FY 2001 (10 Mo.)	FY 2002	FY 2003
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2001 (10 Mo.)	FY 2002	FY 2003
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

**FISCAL IMPACT - Small Business**

Small businesses that engage in or conduct lead-bearing substance activities would be fiscally impacted with additional administrative costs as a result of the requirements of this proposal.

**DESCRIPTION**

This proposal would modify the licensure of persons dealing with lead-bearing substances. It would clarify that any person who engages in or conducts lead-bearing substance activities must complete a Department of Health- or United States Environmental Protection Agency-accredited training program and must be licensed by the department. A new subsection would require the Director of the Department of Health to assess fees for licenses and accreditation. All collected fees would be credited to the Missouri Public Health Services Fund, established by Section 192.900.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
