FISCAL ANALYSIS

ASSUMPTION

Officials of the **Joint Committee on Public Employee Retirement** have reviewed this proposal and have determined that it represents a “substantial proposed change” in future plan benefits as defined in section 105.660(5), RSMo. Therefore, an actuarial cost statement must be provided prior to final action on this legislation by either legislative body or committee thereof.

Officials of the **Office of Administration** assume fiscal impact would be determined by the Firemen’s Retirement System of St. Louis.

Officials of the **Firemen’s Retirement System of St. Louis** obtained an actuarial analysis which indicates that the cost of raising the minimum benefit for retirees and widows to 100% and 75% of the federal poverty level, respectively, would increase the system’s unfunded accrued actuarial liabilities and increase the contributions by the City of St. Louis by \$600,000 annually.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

L.R. NO. 4240-01
BILL NO. Perfected SB 922
PAGE 3 OF 3
March 7, 2000

The proposal would change the minimum benefit for retirees and widows under the Firemen's Retirement System of St. Louis to 100% and 75% of the federal poverty level, respectively.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
