FISCAL ANALYSIS

ASSUMPTION

Officials of the **Department of Natural Resources** stated that the State Park Rangers currently access the personnel records of new hires as part of the required background check, therefore, officials assume no fiscal impact.

Officials of the **Department of Public Safety** assume there would be no fiscal impact to their department.

Officials of the **Missouri Department of Conservation** stated there would be no fiscal impact on the Conservation Fund.

Officials of the **City of St. Louis Metropolitan Police Department** stated there would be no fiscal impact.

Officials of **Pettis County** assume no fiscal impact.

Officials of the **City of Hannibal Police Department** assume no fiscal impact.

Officials of the **City of Sedalia** assume there would be costs of less than \$1000 annually.

Oversight assumes state law enforcement departments and law enforcement agencies of local governments would realize some insignificant administrative impact. Oversight assumes any impact realized could be absorbed by the affected law enforcement bodies at their current appropriation levels.
