FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal would revise the selection criteria for the Clean Water Commission. The Commission currently consists of six members and must have exactly two members who are knowledgeable concerning the needs of agriculture, industry or mining and interested in protecting these needs in a manner consistent with state law. This proposal requires that the Commission also include two members knowledgeable of and associated with publicly-owned wastewater treatment works. One of these members shall be associated with a wastewater treatment works serving fewer than 50,000 persons and one with a wastewater treatment works serving at least 50,000 persons. In addition, two members shall represent the public. The proposal also requires that all new members appointed on or after the effective date of this act shall have demonstrated an interest and knowledge about water quality and shall be qualified to DESCRIPTION (continued)

provide, assess and evaluate scientific and technical information about water quality, financial

requirements and the effects of the promulgation of standards, rules and regulations.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
